INCREASE IN SALARY DEFEATED IN HOUSE

Nearly Every Member Was In His Seat When

THE PROPOSITON CAME UP

Livingston Did Not Vote—He Said $7,500, with Mileage Eliminated and Other Changes Proposed, Was Very Little More than Present Pay.

Washington, Dec. 17.—Practically every congressman was in his seat when the weighty problem of voting to increase their own salaries was brought up for discussion. Personally, a great many of the representatives felt that the increase was a just and a necessary one, on account of the increased cost of living in Washington, but they were deterred by what the folks at home might think, and as the statesmen felt that it was better to serve at insufficient pay than not serve at all, they voted against the increase. The delicate problem is now up to the senate for its decision.

Representative Livingston, while not an enthusiastic supporter of the increase, called attention to the fact that the salary of $7,500, with mileage eliminated, and only the actual expenses of members in attending sessions was allowed, was practically very little more than they now receive on the $5,000 basis.

A letter was read from Senator Tillman, of South Carolina, stating if his salary was not raised he would starve to death.

The Georgia delegates did not for a moment, hesitate about their negative vote on the question of raising their salaries for the terms to which they had already been elected, beginning in 1907. All, with the exception of Representative Hardwick, also voted "no" on the motion to ahve the increased pay begin with the 61st congress, or in 1909. Colonel Livingston did not vote.

Senator Clay announces positively that when the proposed increase comes up in the senate he will vote against it, declaring that he accepted the office of United States senator knowing what the salary was, and he did not feel that he could conscientiously vote to increase his own pay.

After disposing of the salary question, the house pased the legislative executive and judicial appropriation bill. Mr. Littauer, of New York, opened the discussion by presenting an amendment raising the salaries of the vice president and the speaker of the house to $12,000 per annum. He spoke of the dignity of the position of speaker of the house, and said that everybody recognized that the duties are arduous and that the pay is unequal.

Mr. Underwood, of Alabama, opposed any further increase of salaries along the line of legislative and executive officers. He believed the salaries of the minor clerks of the government should be increased on account of the increased cost of living.

Mr. Underwood further said that there is no executive body in the world that pays its members as much as the members of congress of the United States are paid. His contention was that salaries are paid to members of congress so that a poor man might come to congress and represent his constituents.

After other speeches the amendment was adopted by a vote of 214 to 51, the opposition failing to secure votes enough to call the ayes and noes.

Having won a most substantial victory, Mr. Littauer introduced another amendment as follows:

"On and after March 4, 1907, the compensation of heads of executive departments, who are members of the president's cabinet, shall be at the rate of $12,000 per annum each."

Mr. Littauer held up a large picture of a president of a baseball association whose salary had been increased from $10,000 to $15,000 a year, and contrasted that with the salaries of the cabinet. The amendment was adopted—204 to 60.

Mr. Littauer, who retires to private life with the close of the present congress, offered a provision raising the salaries of senators and members of congress, delegates, and the resident commissioner of Porto Rico to $7,500, and on agreement the time for the increase to begin was fixed as March 4, 1909.

Mr. Boutelle, of Illinois, said he was opposed to the proposition to increase salaries of members, but was glad to vote to increase the compensation of the speaker, vice president and members of the cabinet.

Representative Clark, of Florida, said he desired to discuss the question from the standpoint of a poor man. He called attention to the fact that men are leaving the service of the country and returning to private life, solely because the salary which they receive in official positions was inadequate to maintain them.

"And the ysee in the future years, poverty for their children, and want in their old age. I believe there are not ten men on the floor in private conversation will not say the salary is inadequate, the increase is right, but some say, 'I cannot afford to vote for it.' If the time ever comes while I am a member of this house, that I look upon any proposition as being right, and yet I am afraid to vote for it, I will tender my resignation and go home."

A round of applause followed which rather startled Mr. Clark.

"For God's sake, let us answer the great daily papers who are challenging our courage to go upon the record by our votes before all the country," was his concluding appeal.

Mr. Lamar, of Florida, opposed the amendment, as did Representative Gronna, of North Dakota; Lacey, of Iowa, and Webber, of Ohio.

Others who spoke in favor of the amendment, as did Representatives Grosvenor, of Ohio, and Sims and Gains of Tennessee.

The amendment was defeated by a vote of ayes, 106; noes, 188.

Finley Heads G. S. & F. Railway.

Macon, Ga., Dec. 17.—President W. W. Finley, of the Southern railway, was named head of the Georgia Southern and Florida railway at the meeting in the general offices of the company. He was also chosen to fill the vacancy on the board of directors made by the death of the late president Spencer. He thus assumes all the duties toward the Georgia Southern and Florida that were performed by the man who was succeeded by him in the Southern. Resolutions deploring the death of President Spencer were presented and adopted by the board of directors. No other business was disposed of. The directors present at the meeting were T. D. Tinsley, T. C. Burke, W. R. Cox, J. F. Hanson, W. E. McCaw and S. F. Parrott, of Macon, and A. S. Pendleton, of Valdosta, and George W. Parrott, of Atlanta.

Favors Income Tax Law.

St. Louis, Mo., Dec. 17.—Adolphus Busch, the multi-millionaire brewer, says he is in favor of an income tax law. Discussing that part of President Roosevelts message referring to the income tax, Mr. Busch said Friday: "If there were not so many stingy rich men in the United States, every man with a decent income would be paying his fair proportion of government taxes. A man with money is so fortunate that I believe that he should be respectably liberal. I have often wondere dwhy it is those of the United States who have so much of the world's goods still want to get more and more still, and never share our prosperity with others."

Annapolis, Md., Dec. 17.—The members of the midshipmen's football team elected Archibald Hugh Douglass, of Knoxville, Tenn., captain of the Naval academy eleven for next year.

RAILROADS OWNED BY GOVERNMENT

Mexican Government Buys Majority of Stock In

A GREAT RAILWAY COMPANY

Which Buys System that Will Comprise Over 10,000 Miles and Numerous Extensions Are Already Under Way in South.

Mexico, Dec. 17.—Details of the railway merger, in which the Mexican government takes control of all important railroad lines in the republic, became known Friday.

By the terms of the contract, the government procures absolute control of the Mexican Central, the National, the International, the Inter-Oceanic and the Hidalgo and Northwestern railroads, all of which will be merged into one great railroad system. The government also comes into control of the Texas-Mexian, a railroad at Laredo, Tex., which is owned by the National. The mileage of the system will aggregate 10,000 miles.

The Tehuantepec National and the Vera Cruz and Pacific railroads, controlled by the government, will continue to be operated as independent companies.

A Mexican company, a majority of whose stock will be held by the Mexican government, will be organized with headquarters in Mexico City. The company will issue its securities in exchange for securities for the outstanding of the merged companies.

The new company will make a limit-ed issue of prior liens at 4½ per cent and general mortgage bonds at 4 per cent, the principal and the interest of the latter to be guaranteed. The negotiations in a more definite form became active while Mr. Limantour was in New York on his return trip from Europe. They were finally brought to an issue in the last few days, during the visit to Mexico of Eben Richards, president of the Mexican Central and personal representative of Henry Clay Pierce and Walter Lawen, of Ladenburg, Thalmann & Co., representing the foreign bankers.

In a remarkable speech before congress Minister of Finance Limantour explained the reasons for the gigantic railroad merger just consummated by which the National and Central lines become the property of the republic. He declared that if this step had not been taken the great railroad lines of the United States would have stepped in and absorbed all of the properties not then controlled by this government. This, he explained, would saddle onto the Mexican people one of the great trust evils suffered by the citizens of the great northern republic. In further summarizing the situation he gave as the two other chief reasons for the government's action the facts that the present merger will avoid friction between the Mexican Central and the National lines, when the Central might fear being antagonized by the Central lines in which the government had the controlling interest and the prospect of realizing considerable economies through the consolidation of the great railroads under a single management. He maintained that the government did not contemplate the merger and was forced to do so by the aggressive attitude assumed by certain great railway systems in the United Sattes.

Immigrant Steamer Line.

New Orleans, Dec. 17.—Another step in the movement to bring white immigrants to the south was announced Friday night by A. H. Hanson, passenger traffic agent of the Illinois Central railroad. He said that the railroad's European steamship agent, Donald Rose, has arranged with a steamship line to run immigrant steamers between New Orleans and European ports. The name of the steamship line was not made public by Mr. Hanson, who said that the boats will begin running as soon as the new immigrant station is erected.

MRS. BIRDSONG OUT ON BAIL.

Motion for a New Trial Denied—Notice of Appeal.

Hazlehurst, Miss., Dec. 17.—Mrs. Angie Birdsong has been denied a new trial by Judge Miller. She was sentenced to five years in the penitentiary and notice was given by appeal to the Mississipi supreme court.

When the notice of appeal was filed counsel for Mrs. Birdsong made application for bail, which was granted in the sum of $10,000. Major Fox, father of Mrs. Birdsong; A. Q. May, of Jackson, and other friends of the woman, signed the bond.

Mrs. Birdsong shot and killed Dr. Thomas Butler, at Monticello, Miss., Nov. 25, 1905, and at the trial concluded several days ago was convicted of manslaughter. Since that time she has been seriously ill. Because of her young child and her illness, Mrs. Birdsong was never sent to jail.

The young defendant was taken to court lying upon a cot. Moaning with pain and fever, calling continually for water, and at times nearly delirious, she listened for an hour and a quarter to her counsel's arguments for leniency and a new trial. She was allowed to hear the sentence without standing. A striking feature of this scene was the fact that the leading argument for Mrs. Birdsong was made by a lawyer, himself so ill that he reclined in an invalid's chair, while addressing the court. This was R. N. Miller, who suffered complete breakdown at one of the critical parts of the trial.

Boys Rob Man of $631.50.

Atlanta, Dec. 17.—While in front of the Williams house No. 1, James O. Watkins was accosted by two little newsboys, and robbed of $631.50. "Mister, please change this dime for me?" said one. Watkins pulled his pocketbook out, and was about to give the change desired when the two little fellows grabbed his purse, and ran away, making an easy escape. The matter was reported to the police, and the case is being investigated. Mr. Watkins said it contained $131.50 in greenbacks and silver, and $500 worth of negotiable certificates. It is not thought that the urchins can handle this amount of money without being detected within a very short time. A very accurate description of the boys is in the hands of the police, and it is thought they will be caught.

One Killed; Nine Injured.

Bluefield, W. Va., Dec. 17.—The explosion of 10,000 pounds of powder, on three mine cars, at Eckman, Friday caused the death of one person, and the injury of nine others, two of them probably fatally. Joe Steels was killed. Alexander Finney and Mrs. George Johnson were probably fatally injured. The men were on the powder cars, and the woman was in a house nearby. The powder was in tins, and was moved from a freight car to the magazine, when sparks from the motor wheels set it off. The houses nearby were torn to splinters, and the detonation rocked the entire village.

Believe Wife Murdered Husband.

Pittsburg, Dec. 17.—Because he was a decent, hardworking man and did not like the guests invited to his house, the coroner's deputies believe Hugh Walker was murdered by his wife, Lena, and Robert Lloyd, a boarder, whom the police say, has a bad record. Walker came recently from Indiana, and had been employed as an expert in the steel mills. He died on Thursday, his widow says, by falling down stairs. The coroner's physician yesterday found three stab wounds over the right eye that penetrated the brain and caused his death.

Convicted of Manslaughter.

Atlanta, Dec. 17.—Will Smith, a negro, was convicted of voluntary manslaughter in the superior court, and was sentenced by Judge Roan to serve six years in the penitentiary. On Nov. 12 Smith found a negro named Henry Williams in his home, attacked him with an ax, and killed him. In the his statement to the jury, Smith declared that Williams had repeatedly invaded his home, and, finding him there on that occasion, he attacked him in the heat of passion, and slew him.

TRIAL ORDERED FOR OFFICERS OF BLACKS

Charged With Failure to Do Duty at

TIME OF BROWNSVILLE RIOT

Also charged that in View of the Strained Relations Which Existed Officers Failed to Exercise Due Diligence in Preventing Trouble.

Washington, Dec. 17.—On the recommendation of the general staff, the secrtary of war has ordered the trial by courtmartial of Major Chas. W. Penrose and Captain Edgar A. Macklin, of company C, first battalion Twenty-fifth infantry, under the sixty-second article of war, for "conduct to the prejudice of good order and discipline," in failing in their duty in preventing and suppressing the riot at Brownsville, Tex., last August.

The specifications will include among other things the charge that the two officers named failed to exercise due diligence in preventing the occurrence when the condition of affairs at Brownsville made it necessary that all proper precautions should be taken to prevent a clash between the troops and citizens, and also that they did not examine the rifles of the men until daylight, although they learned of the true state of affairs by 1 or 2 o'clock in the morning.

The details as to the membership of the court and the place where the trial will be held, have been left to the discretion of the commanding officers of the department of Texas.

Will Not Bar Jap Children.

San Francisco, Dec. 17—"Japanese children who have passed the grammar grades have not and will not be barred from the high schools." This statement was made by President Altmann, of the board of education. Accordingly, if any Japanese sees fit to pursue the higher education in so far as the public schools of the city can make a pathway for him there will be no bar after he passes through the Oriental school. It is only in the grammar and primary grades that any objection is made to the presence of Japanese and the chief objection in these grades is to grown men.

Cruiser Montana Launched.

Newport News, Va., Dec. 17.—The United States cruiser Montana was successfully launched at the Newport News ship yard Saturday, in the presence of a large number of people. The vessel was christened by Miss Minnie Conrad, daughter of W. G. Conrad, of Montana. Governor Toole, of that state, was represented by Martin Maginnis, former territorial delegate in congress. Senator Carter and Representative Dixon also were present. The navy was not officially represented.

Deficiency Faces Convention.

Guthrie, Okla., Dec. 17.—An estimated deficiency of $150,000 faces the constitutional convention. Chas. H. Filson, disbursing agent of the convention, said last night that the comptroller of the currency had notified him to contract no debts beyond the $100,000 appropriated in the enabling act for the election and he already has refused to pay printing bills contracted without his knowledge. "When the money runs out," said he, "I will quit paying."

Telegraph Lines Damaged.

Rome, Dec. 17.—Terrific storms of snow, wind and rain, have caused serious damage to all the Italian telegraph lines. Throughout the morning of Saturday Rome was entirely isolated.

Strand Steamer Floated.

New York, Dec. 17.—The Austrian steamship Clara, which went ashore at Mantoloking Friday, was floated off Saturday.

King Oscar Improves.

Stockholm, Dec. 17.—King Oscar passed a good night and his condition Saturday showed considerable improvement.

SERIOUS WRECK ON ATLANTIC COAST LINE

Local Freight Crashed Into Empty Cars Near High Springs.

THREE MEN WERE KILLED

Engineer Beavers Thrown From Cab and Sustained Broken Leg—Train Derailed and Badly Wrecked—Dispatcher Claims He Sent Warning.

High Springs, December 17.—A serious wreck occurred Sunday morning at 2 o'clock on the A. C. L. line just south of the town. A local freight from Gainesville crashed into some freight cars which had been pushed down the main track in clearing the yard.

Engineer Beavers was thrown from the cab and sustained many bruises, and a broken leg. The fireman and two brakemen, both colored, were killed outright.

The freight cars were telescoped by the engine and the freight train was derailed and many cars broken.

The dispatcher here claims to have sent notice of the obstruction on the main line, but Engineer Beavers says it was not given to him.

A Complimentary Dance.

A complimentary dance was given at the opera house last night to Miss Margaret Jackson of Arkansaw, who has been here for the past six weeks as the guest of Miss Irene McCreary, and who will leave for her home today.

The dance was given by the young men of the city, as a parting regard for Miss Jackson, who has made herself so popular here by her genial, entertaining and affable manner. She returns to her home with hearts full of admiration for her clever way and her friends in this section will remember her for a long time.

While Miss Jackson came from a high and eminently dignified family, she is a young lady who has been taught, and has heeded, to remember that she is truly a Southern girl with a desire to treat everyone with a courtesy becoming her position, and in this she has been eminently successful here, for no young lady has made more friends, and none will be more welcome in the fall, when she has promised to return.

Judge Mason's Court.

There was a busy session in Judge Mason's court Monday, with the result that the genial Judge was kept busy a greater part of the day. There were two cases of damages for the killing of cows by the Gainesville and Gulf railway, and one against the Seaboard Air Line railway, in all of which judgment was granted. Judge J. A. Carlisle represented the plaintiffs in each case, while Attorney W. S. Broome appeared for the defense.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

IN THE MAYOR'S COURT.

Seven Offenders of Municipal Law Were Fined For Lawlessness.

There was a most interesting session of the mayor's court Monday morning, caused from the Saturday night "ramblings." Two young and frivolous descendants of the African race, whose main ambition as a rule is becoming efficient at "throwing the bones," were arrested for shooting crap. They were arraigned upon this charge, Policeman Kite, who arrested them, having appeared as the prosecuting witness. It was an absolute certainty that they were engaged in this practice from the evidence introduced, and they were fined $2.50 and costs each.

Robert Sherrod, Will Keith and Will Murray were arrested for venturing over the hackman's "dead line" at the Seaboard depot, and were fined $2.50 and costs each.

William Cheney is fond of hog meat, and as he owns a fair-sized lot which gives him plenty of room within the city limits, he decided to raise hogs. He did raise hogs, but he raises something else closely akin to brimstone and fire and His Satanic Majesty with it, and when the officers ascertained that he was conducting a "regular hog killing" within the city limits they proceeded to find out what the matter was. Cheney declared he didn't know it was against the law to own and butcher hogs in town, but the mayor brought to bear the old adage that the ignorance of the law excuses no one, and required the hog-owner to pay a fine of $2 50 and costs. It's cheaper to buy pork chops and the like at the market, so Cheney has concluded.

Ernest Hickman was fined $2.50 and costs for disorderly conduct, after which the court adjourned.

A PARTY FOR CUBA.

J. O. Andrews Working to Induce Immigration to the Island.

Col. J. O. Andrews, a local broker who is alternating his time in the discharge of his duties in this line and working up a party to go to Cuba, is keeping busy now-a-days.

Col. Andrews is a great advocate of Cuba and its possibilities. He has been working on this Cuban proposition for several years, and one time did take a party, all of whom it is said were delighted.

Col. Andrews is now working on another colony, with which he proposes to settle another tract in Cuba. He reports good progress, and says he proposes to sail with his colonists about the middle of January.

COUNCIL MEETING TONIGHT.

The Reform Ordinance, As Well As Others, Will be Discussed.

There will be an adjourned meeting of the City Council tonight, at which the famous "reform" ordinance, together with others, will be discussed.

This "reform" ordinance has been especially a hard proposition on the part of the council, insofar as it has provided a little too much "reform," as some of the aldermen seem to think. They are frank in admitting that some people seem a little severe and sudden on this immediate reform proposition, which they do not think is so bad as the ordinance might infer, and it is a question as to what disposition may be made of the document. It will create considerable discussion before it is finally passed, is the opinion of those most familiar with its composition.

There will be other business before the council which will probably bring on discussion, and in all the meeting promises to be an interesting one.

Will Play "Camille."

Dainty, charming, pretty Mabel Paige, "the idol of the South," will be here next Thursday night to commence a three-night and one matinee engagement, during which she will present Bernhardt's famous version of "Camille," and there is no doubt that the opera house will be packed to standing room to see her during her entire engagement.

Miss Mabel is so well known to the patrons of the Southern theatres that an introduction is hardly necessary, and as one of her friends remarked, "Why, we've known Miss Mabel since she was the size of a five-cent bottle of pickles." The opening play selected for her engagement will be "The Little Stowaway," and those wishing seats had better procure them early at Vidal's, for there's going to be a crowded house.

TWO FINE SERMONS DELIVERED SUNDAY

Bishop Candler and Rev. C. B. Strouse at Methodist Church.

BOTH DISCOURSES IMPRESSIVE

Church Was Crowded at Both Services—In the Evening People Stood in the Aisles to Hear Dr. Strouse Talk About Salvation of the Soul.

The church-goers of Gainesville who attended the Methodist house of worship on Sunday were especially treated to something of an unusual literary nature, as the pulpit both morning and evening was filled by ministers of recognized influence and ability, and on both occasions the big church was literally packed with those desirous of hearing the Word of God promulgated from such powerful influences.

In the morning, as was announced through The Sun, Bishop W. A. Candler of Georgia, one of the most famous preachers in the United States, treated his hearers to an eloquent sermon, in which he dwelt upon the theme of "Jacob Wrestling With the Lord." He covered the subject thoroughly and in a most interesting and impressive manner, and his discourse was one which was appreciated by the large audience present.

While the church was crowded in the morning, the building was virtually inadequate to take care of the congregation in the evening, and long before the hour of service arrived there were people standing in the aisles, on account of the absence of chairs. The Sabbath school and class rooms of the church were opened in order to accommodate the crowd, and after all some were compelled to remain standing in the rear of the church.

This great aggregation was brought together by the announcement that Dr. Clarence B. Strouse, the brilliant young revivalist, was to deliver the sermon. Dr. Strouse was a little late, but when he arrived he advanced to the rostrum through a side entrance with his usual easy grace, when the service began with the usual organ prelude.

Dr. Strouse took for his subject the theme, "If Our Gospel Be Hid, It is Hid by Those Who Are Lost" It was a beautiful speech, interesting from beginning to end, and full of religious enthusiasm. Dr. Strouse, in his clever and impressive manner of speech, pictured the hunter who blinded the alligator by his alluring light. The saurian, unconscious of his approaching danger, was dazzled by the brilliancy and beauty of that light, little dreaming of the danger behind it in the person of the hunter who held the gun, from the deadly belch of which would soon result in death to the charmed. He related his own experience on a 'gator hunt in the wilds of the Everglades, and told the story in such an interesting and fascinating way that he captured his hearers. He referred to the alligator in comparison with the sinner of the present day, and the sinner of generations past, who has been blindfolded by the fascinations of this worldly earth, this greed for money and pleasure. "This light is dangerous, my brothers" he said "It's like the light the hunter shines in the alligator's eyes—it's treacherous, and if you don't look out it will, by its fascinating influences, have you in the depths of hell before you can realize its damnable allurements and intentions."

At the conclusion of his sermon Dr. Strouse asked all those who wanted the prayers of Christian people to raise their hands, and dozens responded. This was a gratifying demonstration of the effects of the sermon, and at the close of the meeting everyone felt the better.

REV. ROGERS IN SPECIAL WORK.

Will Conduct a Special Series of Meetings at LaCrosse for Week.

Rev. S. B Rogers of the First Baptist Church left Monday for LaCrosse, where on Monday night he began a special service of one week at the Baptist church.

Mr. Rogers is called to LaCrosse by a number of the leading citizens of that section, who feel that the spirit is needed in LaCrosse and vicinity, and hope to accomplish a great deal in the upbuilding of the church and for Christian advancement in that community.

Mr. Rogers expects to be absent until Saturday, and the prayers and best wishes of his congregation of this church are with him in his work.

THE NEWS FROM MELROSE.

A Delightful Social Occasion—Other Notes of Interest.

Melrose, December 17.—The oyster supper given at the Huffman House on Friday night was a most enjoyable affair. When the dining-room was opened promptly at the time appointed, the two long tables, very prettily decorated with holly branches, were soon filled with a hungry crowd who did full justice to the fine supper, served in the well known Huffman House style. The hotel office was for the time being transformed into a candy booth, also decorated in true Christmas style, at which a rushing trade was done, with the result that the large and varied supply of candy was soon sold out. An appropriate finish to this pleasant occasion was the dancing during the latter part of the evening. Orange Heights, ever ready to help a good cause, was represented by quite a delegation. The financial result was most gratifying, $45 being added to the fund for the school piano.

The Ladies' Hall is being much improved by a new coat of paint. The first meeting of the season will be held on December 28th.

Quite a number of the members of the M. E. Church have gone to Palatka to attend the conference meetings.

New arrivals during the week are Mr. and Mrs. J. W. Johnson, three children and maid, Binghamton, N. Y.; Mrs. H. B. Brown and daughter, East Hampton, Conn.; Mrs. S. Goodnough, Orange, Mass.; O. Colling, Springfield, N. J.; S. Hastings, Onset Beach, Mass.

At the Huffman House are newly registered Dr. and Mrs. J. Paxton, Paterson, N. J., also Mrs Chas. N. Rodgers and daughter, Live Oak.

On Wednesday Mr. and Mrs. Hamlyn took a party of friends on their motor launch to the pumpkin patch, where tea was served. This, added to the delightful sail, made a most enjoyable afternoon.

H. Lee of Atlanta, Ga., is spending the holidays with his parents.

Municipal Newspaper.

Dresden is one of the few cities possessing a municipal newspaper, and this was bequeathed to the city by the late Dr. Gunt. The bequest is a very valuable property and consists of a daily newspaper, which in consequence of its extensive circulation is the principal advertising medium in the neighborhood. The profits are applied to the beautifying and improvement of the city and to charity.

ROCHELLE TO HAVE PLAY.

Prof. Owens and Pupils of Martha Perry Will Entertain Cleverly.

Editor Sun: Will you please give space in your paper for the notice of our play to be given on Friday night, Dec. 21, the proceeds to go to the piano fund?

After the play is over we will have refreshments and appropriate amusement for the young folks. Everyone is invited to come and have a jolly good time.

The name of the play to be presented is "Those Dreadful Twins," a comedy sparkling with wit and humor from beginning to end. The comedy is in three acts, and the following is the caste:

Josiah Brown, a deacon of our church—J. H. Owens.

Deacon Whitbeck, of the same church—O. O. Thigpin.

Sheriff O'Brien, one of the boys—Bob Zetrouer.

Lynx, The Detective, always on deck—Raymon Dicks.

Johnny Brown, one of the twins—Andrew Zetrouer.

Rastus, out of a job—Henry Feaster.

Mrs. Josephine Brown, looking out for No. 1—Miss Willie Jones.

Josephine Brown Clifford, Josiah's daughter—Miss Velma Jennings.

Becky Green, an energetic member of our church—Miss Lina Jones.

Fanny Brown, another of the twins—Miss Pattie Zetrouer.

Rochelle, Dec. 17.

MUSKRAT BUILDERS.

The House In the Meadow and How It Is Constructed.

I have always been told that muskrat houses mean a severe winter. Instead of a sign of cold weather, the muskrat house means simply that one or more muskrats have chosen to live in the low meadow or at the shallow head of the pond, where there is no chance to burrow underground and have a bedroom that cannot be flooded by the high tides of winter.

These same muskrats, along the steep banks of a river, would tunnel into the earth and there dig a bedroom out of reach of the highest flood. They do not always succeeed, however, as they are often washed out of their winter beds by spring freshets.

The house in the meadow is usually built over a tall, stout tussock, whose grassy top forms the bed. This is domed over, making a large room big enough for one or for half a dozen, according to the number of muskrats sharing the work. At least two openings or dives lead from the bed into open water at the foot of the tussock. And this water never freezes. When ice forms outside, the warmth of the muskrats' bodies is sufficient to keep the doors free, through which the dwellers shoot at instant alarm, for these passages lead into winding burrows and waterways that run far out through the rich, rooty meadow.—Country Life In America.

Parliament.

The name "parliament" is derived from the French word "parler," to speak. The word was originally written "parlement," as in French, and, although the spelling has gradually changed, the pronunciation remains the same. The earliest mention of the word "parliament" in the English statutes is in the preamble to the statute of Westminster in 1272. For the origin of the institution itself we must go back to Anglo-Saxon times, when it flourished as the witenagemot. In the reign of Henry III. parliament was formally separated into the two houses of lords and commons, and the deliberations were conducted in separate chambers.

Hindoo Moon Lore.

According to the Hindoos, a lunar eclipse is the contact between the moon and another planet called Rahoo, but the masses believe that, owing to the will of God, Rahoo, or the serpent-like planet, catches hold of the moon by its hideous mouth and releases it after a short time. At first contact the Hindoos bathe in the sea and anxiously await the release. After the contact they take another bath. During the interval they are not allowed even to drink a cup of water, as their belief is that all things in the world get polluted during the contact.—Singapore Times.

SYNDICATE BACK OF SCHEME.

To Control All Electric Express Lines in the South.

New York, Dec. 17.—It is stated on Wall street that articles of incorporation had previously been filed at Atlanta, Ga., incorporating an electric express company for the purpose of operating an express company for business throughout the United States. Reports from Atlanta gave Macon as the principal office in that state, as the law requires a nominal capital of $10,000.

Wall street trolley and electric railway circles say this is the entering wedge in southern territory for Ryan and Belmont interests to capture the entire express business all over the south, which is expected to develop immensely, keeping pace with the probable future rapid building of electric interurban railway lines there.

It was in September, 1904, that Belmont, through the incorporation of the Interstate Express company, at Columbus, O., to do business over electric lines in the states of the middle west, and soon after he, with Thomas Fortune Ryan, incorporated in this state a company known as the Empire Express company, to operate an express, newspaper and parcel, as well as perishable products, "including milk,' over electric lines in this city and state, New England, Pennsylvania, Relaware and New Jersey.

That there is a huge financial syndicate back of this scheme, which ultimately has for its object the sharp competition with existing companies, till finally they can be driven into a mammouth merger through a holding company, with millions of water securities, is generally understood in Wall street, and the Georgia company is the first move in capturing the south.

"After Tom Platt dies, you will see a big watermelon cutting," a Wall street electric expert said.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croupe and will prevent the attack if given at the first appearance of the disease. It is especially adapted to chidren, as it is pleasant to take and contains nothing injurious Mrs. E. A. Humphreys, a well known resident and clerk in the store of Mr E Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croupe and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

Pleads Guilty to Burglary.

Atlanta, Dec. 17.—Sidney Hixon, a negro, pleaded guilty before Judge Roan in the superior court to the offense of burglary. He was sentenced to seven years in the penitentiary.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

Ballot for Directors.

New York, Dec. 17.—The baloting for directors of the New York Life and Mutual Life Insurance companies will be concluded next Tuesday, when thousands of policy holders will deposit their ballots in person at the offices of the two companies here. State Superintendent of Insurance Kelsey is in town, conferring with representatives of the various tickets in the field for the election for Tuesday. He said Thursday he was having trouble in getting the kind of men both sides want to serve as inspectors. But he says he hopes to make progress Friday. Ballots are coming in meantime by thousands through the mails.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Fall of Dirt Kills a Boy.

Montgomery, Ala., Dec. 17.—C. Ball Stratford, the 13-year-old grandson of Mrs. C. P. Ball, met death in a tragic way, being caught under a fall of dirt, in a cave, which he and others had built for play in the yard. An iron fence had been set up over the mouth of the cave, and it fell over, knocking down the dirt and covering four boys. Young Stratford was dead when rescued. Ransom Spann was seriously hurt, but will recover. Two others were slightly hurt.

No Opium in Chamberlain's Cough Remedy.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug. In has an established reputation of more than thirty years as the most successful medicine in use for colds, croupe and whooping cough. It always cures and is pleasant to take. Children like it. Sold by all druggists.

Loggers Driven From Woods.

Vancouver, Dec. 17.—An almost unprecedented heavy fall of snow all along the northern coast is driving loggers out of the woods, and logging camps are being closed at various places. The result of the cessation of operations in the woods will be further shortage of logs with a consequent advance over the already high prices now being charged.

Cure For Sore Nipples.

As soon as the child is done nursing apply Chamberlain's Salve. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this with the best results. Price 25 cents per box. For sale by all druggists.

Bowden Begins Sentence.

Dublin, Ga., Dec. 17.—C. W. Bowden, who was convicted last January of the murder of Julius Green, at Mulls, in this county, was carried to Albany to serve a life sentence in the penitentiary. Bowden was a carpenter and he killed Green after a row in which his wifes character was in some way involved. He and Green came to this county from Jasper county, and up to the time of the difficulty Bowden was held in high esteem by all who knew him.

Hardy Will Not Discuss Affair.

Columbus, Ga., Dec. 17.—Charles Hardy, charged with the murder of his father-in-law, Charles H. Brooks, at Chipley, last week, was brought to Columbus by an officer from Harris county, and placed in Muscogee jail. He refuses to discuss the affair for publication. His friends deny that he left Chipley to avoid arrest, stating that he left town before he knew of the verdict of the coroner's jury.

The fools who butt in where angels fear to tread, are not called fools if they get away with the goods.

A stage luminary urges that rich men support the stage more. That's the charge against a lot of them now.

Queer how a people giving so little evidence of being seriously religious can fight so seriously for religion. The row in France never ceases.

Secretary of the Treasury Shaw says he notices a scarcity of small bills. Same here. Plenty of large bills, of course, but can't get change. Very provoking.

Representative Randell of Texas has introduced a bill prohibiting Representatives or Senators from serving or receiving pay from public service corporations. Doubtless we shall have a word from Senator Bailey on the subject of this bill if it ever reaches the upper house.

He who differs with the President takes long chances with his reputation for veracity. Who will believe that so-and-so is so when President Theodore says it isn't so? It will be remembered that long ago in our history our Presidents gained the reputation of not being able to tell a lie.

Don't scoff at the souvenir post card craze. It has been given the endorsement and hearty approval of Postmaster-General Cortelyou, and as a matter of fact it furnishes the government with a most profitable form of mail matter. In order to keep the profitable fad from dying out, the postal service has issued an order providing that all such cards may bear written messages on the front, the right half of the address, and with sufficient postage they will bill be transmitted under the post card.

There are twenty-four farmers in the present Congress, out of a total membership of 476. The two farmers in the Senate are both from South Carolina. There are two farmers in the House from South Carolina. New York has two farmers in the House—Mr. Cocks of Suffolk, and Mr. Wadsworth of Geneseo. The rest of the farmer members are scattered around the country, no two being from any one State. Will somebody please explain why it is that the farmers of the United States, with the votes to elect members of Congress in proportion to their numbers—that is nearly one-half—permit lawyers, manufacturers and bankers to so rule the roost, as is indicated by the above figures?

Everywhere people are burning leaves. In doing this they are making a mistake. Professor Charles E. Bessey, in The Nebraska State Journal, says: "Don't burn your leaves. If you have a lot on which you grow flowers of any kind. Leaves contain a great deal of most valuable food matter for growing plants. Put the leaves in a close pile in some corner of your lot, put a few boards or sticks on the pile to keep the leaves from blowing away. By spring most of the leaves will be well rotted, and you will have a lot of the best "leaf mould" you ever saw for your potted plants. Leaves are too valuable to be burned. You might as well burn up a manure pile has to burn your leaves."

THAT GRAND PRIZE.

The Sun has no desire to enter into controversy with The Bartow Courier-Informant over the division of the grand championship prize at the recent State Fair. We simply stated the plain facts in the case—that no one connected with the Fair from Alachua county was satisfied with the decision of the judges, etc., and we reiterate the assertion. Furthermore, The Sun is informed that the decision of the judges was as great a surprise to the Fair commmissioner from Polk as it was to Commissioner Callison and others from this county; that before the decision Commissioner Ruhl stated that Alachua county had undoubtdely won the grand championship prize, but that he hoped to obtain the sectional prize as the best represented county in the South Florida group. If he disputes this, it is a matter of veracity between him, Commissioner Callison and others of our informants.

The Sun has no ill feeling toward any citizen of Polk county in the matter, and attaches no blame to any of them for the decision of the judges dividing with her what Alachua county was fairly entitled to. The editor of this paper demonstrated his friendship for Bartow and the present editor of The Courier-Informant at a time when he was warned that his action would, in the end, prove detrimental to the interests of Gainesville and Alachua county, and the action of the last Legislature demonstrated that those who fore-warned us could see into the future.

The Sun, in common with the people of Alachua county and other sections, regards the decision of the judges as unfair, and as an effort to "satisfy" all sections of the State, rather than upon the merit of the various exhibits.

TWO ELECTION MUDDLES.

The City Council has called an election to be held on the 15th of January, 1907, to decide whether bonds shall be issued to the amount of ten thousand dollars for the purchase of the lot on which is located the barracks of the old East Florida Seminary, and the county commissioners have called an election to be held on the same day to decide whether Election District No. 7, comprising the city of Gainesville and some outlying territory, shall be created a sub-road tax district.

Evidently the two bodies calling these elections overlooked the sixth clause of Section 170 of the General Statutes, relating to the qualification of electors, which reads:

"No person shall be permitted to vote at an election who shall have failed to pay at least on or before the second Saturday in the month preceding the day of such election, his poll taxes for the two years next preceding the year in which such election shall be held."

The poll tax for 1906 has been due and payable for several weeks, therefore, under the law, only those who paid their poll taxes for 1905 and 1906 on or before the second Saturday of December, 1906, can vote in an election held on the 15th of January, 1907. This is too plain to admit of dispute, and under the law not exceeding ten persons can vote on the sub road tax district question, as only ten persons had paid the poll tax for 1906 up to and including the second Saturday of the month preceding the month in which the election is to be held. Thus it will be seen that six men in one instance and four in another may decide the questions at issue, as a majority rules. It is therefore up to the county commissioners and City Council to call these elections off.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A CHEERFUL GIVER.

"The Lord loveth a cheerful giver," and "it is mor blessed to give than to receive," are faithful sayings and worthy of all acceptation. Give where your gift is needed, where it brings joy and gladness, and your own heart will swell with real pleasure. To lavish gifts upon the rich, the strong, the powerful, in the hope that you may receive in return, is mean, groveling and pitiful. Don't belittle yourself that way. Give freely only where love prompts, or better yet, go out among God's poor, hunt out those less favored or less fortunate and do acts that will brighten human lives, and the brightness will come back into your own heart by reflection.

The great and noble characters of the world, the men in all ages who have been admired and loved, have been the generous men. The shunned and hated and despised creatures of the human race have always been the misers, the stingy, grasping, hoarding, pinching wretches who valued money above human souls, and hugged their wealth in the face of misery. The world shouts and laughs when such men die, but it follows the generous man to the grave with tears and real sorrow.

Man has been attending horse races for thousands of years and will probably continue to do so centuries after the automobile shall have been succeeded by some other wonderful invention. The horseless age will never appear if its coming is dependent on the automobile or any other inanimate invention supplanting the horse in the affections of the people. The beauty of his limbs, his arched neck and quivering nostrils, his haughty movements, all appeal to the eye today even as they did thousands of years ago. Men with sufficient funds to gratify their pleasures will continue to pay fabulous prices for horses until the end of time.

Foul Play Suspected.

Columbia, S. C., Dec. 15.—L. F. Evans, a printer employed in the job department of the State Publishing establishment, has been missing from work since Monday. Thursday the clothes of a man were found on the bank of the Columbia canal, several miles from the city, and it is thought that the clothing is that worn by Mr. Evans. Evans has been married only a few months, his wife being Miss Pennington. She is greatly distressed over his disapearance. Mr. Evans borrowed money from the other printers and told some of them of his intention to take his life. He was a good workman, but had acted quite queerly of late.

Child Labor Convention.

Cincinnati, Dec. 15.—Delegates from the various state committees to the annual convention of the National Child Labor committee, held a conference during the morning Friday. Dr. Samuel McCune Lindsay, secretary of the national committee, presided. Reports were presented from the different state committees following which there was a genral discussion of legal standards and methods of enforcement of Child Labor Laws. Much interestwas manifested in the discussion. The child as an economic factor, was announced as the general topic for the afternoon session.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Attempts Life of Admiral.

St. Petersburg, Dec. 17.—Another attempt on the life of Admiral Dubasoff, ex-governor general of Moscow, was made Saturday afternoon, but he escaped with slight injuries. Dubassoff was driving at 1 5'clock p. m. in Sergyewskaya street, on his way to the Taurida palace, when two men hurled a bomb at his carriage. It exploded with great force but only slightly wounded the admiral. The would-be assassins were arrested.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 78 worms. For sale by W. M. Johnson.

Opposed to Woman's Suffrage.

Chicago, Dec. 17.—A special from London to a morning paper says that Marie Correll, though her profound contempt for man in every aspect remains undiminished, does not believe in woman's suffrage. She claims she can now direct fifty men's votes at election in any way she chooses, but she says her power would be destroyed if she had a vote of her own.

Fishing Smack Sinks.

Mobile, Ala., Dec. 15.—The Dutch steamer DeltaLewer, bound here from West Hartlepoolm, England, ran into and sank the big fishing smack Edgar Randell, outbound to the Mexican fishing banks today. The latter was sunk in 20 feet of water. Loss $5,000.

Long Tennessee Fight.

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at all druggists'.

James Bryce's Appointment.

London, Dec. 17.—Parliamentary circles here show much interest in the prospect of James Bryce's appointment to the ambassadorship at Washington, and some of the Irish members asked the chief secretary for Ireland if they might congratulate him. Mr. Bryce did not deny the report, but merely replied: "You must not believe everything you hear."

To Serve Life Sentence.

El Paso, Tex., Dec. 17.—Max Miller, a saloon keeper, who in a fit of jealousy, shot and killed J. F. Turley, a railroad man, formerly of Memphis, Tenn., while the vctim, who was unarmed, begged for his life, was found guilty of murder in the first degree by a jury here and was sentenced to the penitentiary for life.

Great Snow Storm in West.

St. Paul, Minn., Dec. 17.—The worst snow storm in years is reported on the railroad companies which has blockaded extensions. Trains in west-ern North Dakota on every line are tied up bound, and in some cases are lost track of. It is even reported that some of the Great Northern trains have completely snowed in, and cannot be located. The snow in many places is piled 20 feet high, and traffic is at a standstill. The only coast trains that have arrived over the Northern Pacific, Great Northern and St. Paul lines in the last 24 hours have been from 24 to 48 hours late and there are many trains which have not arrived. Advices were received at the St. Paul offices to the effect that some branches have not run trains for days.

Close of the Peonage Cases.

Pensacola, Fla., Dec. 17.—In the United States court Judge Charles Swayne passed sentence upon Manager W. S. Harlan, and five employees of the Jackson Lumber company, of Lockhart, Ala., convicted after a trial of nearly a month, of conspiracy to commit peonage. Manager Harlan was sentenced to serve eighteen months in the penitentiary, and in addition pay a fine of $5,000; Superintendent Robert Gallagher to serve fifteen months and pay a fine of $1,000, and Dr. W. E. Grace, Oscar Sanders, S. E. Hugins and C. C. Hilton, to serve thirteen months in the penitentiary, and pay fines of $1,000 each.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Child is a Confirmed Smoker.

New York, Dec. 17.—A dispatch from Lowell, Mass., says officers of the Humane Society found a three-year-old child who is a confirmed smoker and has used daily a corn cob pipe since he was 18 months old. The child is Andre, son of Albert Beaulieu. When the officers took his pipe away he screamed with anger. Mrs. Beaulieu, who is 18 years old, says she did not know tobacco would hurt the child. She promised to try to cure Andre of the tobacco habit and it was decided to allow him to remain at home. Mrs. Beaulieu says Andre smokes nearly two packages of tobacco each week.

TORTURED BY ITCHING ECZEMA

Suffered Tremendous Itching Over Whole Body—Scratched Until Bled—Worse at Night, With Soreness and Excruciating Pains—A Western Lady's

WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the torments of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Resolvent. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Remedies to any one who suffers as did your obedient servant. Mrs. Mary Metzger, Sweetwater, Okla., June 28, 1905."

TORTURING, DISFIGURING

Humors, Eczemas, and Itchings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug and Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, "How to Cure Baby Humors."

Sharon Visited by Large Blaze.

Sharon, Ga., Dec. 17.—One of the most disastrous fires that ever visited this town occurred Friday morning. The loss amounts to about $50,000, with $10,000 insurance. Twelve business houses, with stocks were consumed. It is not known how the fire originated. Flames were seen at 5 o'clock a. m. issuing from Dr. Brown's drug store, and they quickly spread to adjoining buildings.

King of All Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by all druggists.

Fatally Injured in Explosion.

Freemont, O., Dec. 17.—A Standard Oil tank filled with crude petroleum in the Lake Shore yards exploded, shaking the town like an earthquake, breaking many windows and doing other damage. Will Battig, who was pumping oil from the tank, was hurled 200 feet. His clothes were burned from his body and he was fatally injured. It is reported he dropped a lighted match into the tank.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

Trades Disputes Bill.

London, Dec. 17.—The house of lords passed the third readings of the merchant, shipping and trades disputes bills and sent them back to the house of commons for consideration of the upper house's amendment.

New Cure for Epilepsy.

J. B. Waterman of Watertown, O., Rural Free Delivery, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleaners and life giving tonic on earth. 25c at all drug stores.

ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

Foul Play Suspected.

Columbia, S. C., Dec. 15.—L. F. Evans, a printer employed in the job department of the State Publishing establishment, has been missing from work since Monday. Thursday the clothes of a man were found on the bank of the Columbia canal, several miles from the city, and it is thought that the clothing is that worn by Mr. Evans. Evans has been married only a few months, his wife being Miss Pennington. She is greatly distressed over his disapearance. Mr. Evans borrowed money from the other printers and told some of them of his intention to take his life. He was a good workman, but had acted quite queerly of late.

Child Labor Convention.

Cincinnati, Dec. 15.—Delegates from the various state committees to the annual convention of the National Child Labor committee, held a conference during the morning Friday. Dr. Samuel McCune Lindsay, secretary of the national committee, presided. Reports were presented from the different state committees following which there was a genral discussion of legal standards and methods of enforcement of Child Labor Laws. Much interestwas manifested in the discussion. The child as an economic factor, was announced as the general topic for the afternoon session.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Attempts Life of Admiral.

St. Petersburg, Dec. 17.—Another attempt on the life of Admiral Dubassoff, ex-governor general of Moscow, was made Saturday afternoon, but he escaped with slight injuries. Dubassoff was driving at 1 o'clock p. m. in Sergyewskaya street, on his way to the Taurida palace, when two men hurled a bomb at his carriage. It exploded with great force but only slightly wounded the admiral. The would-be assassins were arrested.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 78 worms. For sale by W. M. Johnson.

Opposed to Woman's Suffrage.

Chicago, Dec. 17.—A special from London to a morning paper says that Marie Correli, though her profound contempt for man in every aspect remains undiminished, does not believe in woman's suffrage. She claims she can now direct fifty men's votes at election in any way she chooses, but she says her power would be destroyed if she had a vote of her own.

Great Snow Storm in West.

St. Paul, Minn., Dec. 17.—The first snow storm in years is reported to the railroad companies which has western extensions. Trains in west- in North Dakota on every line are now bound, and in some cases are off track of. It is even reported that some of the Great Northern trains are completely snowed in, and cannot be located. The snow in many places is piled 20 feet high, and traffic is at a standstill. The only coast trains that have arrived over the Northern Pacific, Great Northern and St. Paul lines in the last 24 hours have been from 24 to 48 hours late and there are many trains which have not arrived. Advices were received at the St. Paul offices to the effect that some branches have not run trains for days.

Close of the Peonage Cases.

Pensacola, Fla., Dec. 17.—In the United States court Judge Charles Swayne passed sentence upon Manager W. S. Harlan, and five employees of the Jackson Lumber company, of Lockhart, Ala., convicted after a trial of nearly a month, of conspiracy to commit peonage. Manager Harlan was sentenced to serve eighteen months in the penitentiary, and in addition pay a fine of $5,000; Superintendent Robert Gallagher to serve fifteen months and pay a fine of $1,000, and Dr. W. E. Grace, Osmar Sanders, S. E. Hugins and C. C. Hilton, to serve thirteen months in the penitentiary, and pay fines of $1,000 each.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guaranteed by all druggists. 50c and $1. Trial bottle free.

Child Is a Confirmed Smoker.

New York, Dec. 17.—A dispatch from Lowell, Mass., says officers of the Humane Society found a three-year-old child who is a confirmed smoker and has used daily a corn cob pipe since he was 18 months old. The child is Andre, son of Albert Beaulieu. When the officers took his pipe away he screamed with anger. Mrs. Beaulieu, who is 18 years old, says she did not know tobacco would hurt the child. She promised to try to cure Andre of the tobacco habit and it was decided to allow him to remain at home. Mrs. Beaulieu says Andre smokes nearly two packages of tobacco each week.

TORTURED BY ITCHING ECZEMA

Suffered Tremendous Itching Over Whole Body—Scratched Until Bled—Worse at Night, With Soreness and Excruciating Pains—A Western Lady's

WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the torments of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Resolvent. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Remedies to any one who suffers as did your obedient servant. Mrs. Mary Metzger, Sweetwater, Okla., June 28, 1905."

TORTURING, DISFIGURING

Humors, Eczemas, and Itchings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug and Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, "How to Cure Baby Humors."

Sharon Visited by Large Blaze.

Sharon, Ga., Dec. 17.—One of the most disastrous fires that ever visited this town occurred Friday morning. The loss amounts to about $50,600, with $10,000 insurance. Twelve business houses, with stocks were consumed. It is not known how the fire originated. Flames were seen at 5 o'clock a. m. issuing from Dr. Brown's drug store, and they quickly spread to adjoining buildings.

King of All Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. service for about sixteen years, says: "We have tried many cough medicines for croup, but Chamberlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain results and leaving no bad after effects." For sale by all druggists.

Fatally Injured in Explosion.

Freemont, O., Dec. 17.—A Standard Oil tank filled with crude petroleum in the Lake Shore yards exploded, shaking the town like an earthquake, breaking many windows and doing other damage. Will Battig, who was pumping oil from the tank, was hurled 200 feet. His clothes were burned from his body and he was fatally injured. It is reported he dropped a lighted match into the tank.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollom & Co.

Trades Disputes Bill.

London, Dec. 17.—The house of lords passed the third readings of the merchant, shipping and trades disputes bills and sent them back to the house of commons for consideration of the upper house's amendment.

SYNDICATE BACK OF SCHEME.

To Control All Electric Express Lines in the South.

New York, Dec. 17.—It is stated on Wall street that articles of incorporation had previously been filed at Atlanta, Ga., incorporating an electric express company for the purpose of operating an express company for business throughout the United States. Reports from Atlanta gave Macon as the principal office in that state, as the law requires a nominal capital of $10,000.

Wall street trolley and electric railway circles say this is the entering wedge in southern territory for Ryan and Belmont interests to capture the entire express business all over the south, which is expected to develop immensely, keeping pace with the probable future rapid building of electric interurban railway lines there.

It was in September, 1904, that Belmont, through the incorporation of the Interstate Express company, at Columbus, O., to do business over electric lines in the states of the middle west, and soon after he, with Thomas Fortune Ryan, incorporated in this state a company known as the Empire Express company, to operate an express, newspaper and parcel, as well as perishable products, "including milk," over electric lines in this city and state, New England, Pennsylvania, Relaware and New Jersey.

That there is a huge financial syndicate back of this scheme, which ultimately has for its object the sharp competition with existing companies, till finally they can be driven into a mammouth merger through a holding company, with millions of water securities, is generally understood in Wall street, and the Georgia company is the first move in capturing the south.

"After Tom Platt dies, you will see a big watermelon cutting," a Wall street electric expert said.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croupe and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children, as it is pleasant to take and contains nothing injurious Mrs. E. A. Humphreys, a well known resident and clerk in the store of Mr E Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croupe and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

Pleads Guilty to Burglary.

Atlanta, Dec. 17.—Sidney Hixon, a negro, pleaded guilty before Judge Roan in the superior court to the offense of burglary. He was sentenced to seven years in the penitentiary.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

Ballot for Directors.

New York, Dec. 17.—The baloting for directors of the New York Life and Mutual Life Insurance companies will be concluded next Tuesday, when thousands of policy holders will deposit their ballots in person at the offices of the two companies here. State Superintendent of Insurance Kelsey is in town, conferring with representatives of the various tickets in the field for the election for Tuesday. He said Thursday he was having trouble in getting the kind of men both sides want to serve as inspectors. But he says he hopes to make progress Friday. Ballots are coming in meantime by thousands through the mails.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Fall of Dirt Kills a Boy.

Montgomery, Ala., Dec. 17.—C. Ball Stratford, the 13-year-old grandson of Mrs. C. P. Ball, met death in a tragic way, being caught under a fall of dirt, in a cave, which he and others had built for play in the yard. An iron fence had been set up over the mouth of the cave, and it fell over, knocking down the dirt and covering four boys. Young Stratford was dead when rescued. Ransom Spann was seriously hurt, but will recover. Two others were slightly hurt.

No Opium in Chamberlain's Cough Remedy.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug. It has an established reputation of more than thirty years as the most successful medicine in use for colds, croupe and whooping cough. It always cures and is pleasant to take. Children like it. Sold by all druggists.

Loggers Driven From Woods.

Vancouver, Dec. 17.—An almost unprecedented heavy fall of snow all along the northern coast is driving loggers out of the woods, and logging camps are being closed at various places. The result of the cessation of operations in the woods will be further shortage of logs with a consequent advance over the already high prices now being charged.

Cure For Sore Nipples.

As soon as the child is done nursing apply Chamberlain's Salve. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this with the best results. Price 25 cents per box. For sale by all druggists.

Bowden Begins Sentence.

Dublin, Ga., Dec. 17.—C. W. Bowden, who was convicted last January of the murder of Julius Green, at Mulls, in this county, was carried to Albany to serve a life sentence in the penitentiary. Bowden was a carpenter and he killed Green after a row in which his wifes character was in some way involved. He and Green came to this county from Jasper county, and up to the time of the difficulty Bowden was held in high esteem by all who knew him.

Hardy Will Not Discuss Affair.

Columbus, Ga., Dec. 17.—Charles Hardy, charged with the murder of his father-in-law, Charles H. Brooks, at Chipley, last week, was brought to Columbus by an officer from Harris county, and placed in Muscogee jail. He refuses to discuss the affair for publication. His friends deny that he left Chipley to avoid arrest, stating that he left town before he knew of the verdict of the coroner's jury.

No Operation

Mrs. Malinda Akers, of Basham, Va,, writes: "I had what doctors call 'prolapse,' and couldn't stand straight. I had pain in my back and shoulders, and was very irregular and profuse. Doctors said an operation was needed, but I couldn't bear the thought of the knife. After taking three bottles of Wine of Cardui, I could walk around. Can now do my housework and am in splendid health."

Cardui is a pure, vegetable, medicinal essence, especially adapted to cure women's diseases. It relieves excessive periodical pains, regulates irregularities, and is a safe, pleasant and reliable remedy for all sick women. In successful use for over 70 years. Try it.

The fools who butt in where angels fear to tread, are not called fools if they get away with the goods.

A stage luminary urges that rich men support the stage more. That's the charge against a lot of them now.

Queer how a people giving so little evidence of being seriously religious can fight so seriously for religion. The war in France never ceases.

Secretary of the Treasury Shaw says he notices a scarcity of small bills. Same here. Plenty of large bills, of course, but can't get change. Very provoking.

Representative Randell of Texas has introduced a bill prohibiting Representatives or Senators from serving or receiving pay from public service corporations. Doubtless we shall have a word from Senator Bailey on the subject of this bill if it ever reaches the upper house.

He who differs with the President takes long chances with his reputation for veracity. Who will believe that so-and-so is so when President Theodore says it isn't so? It will be remembered that long ago in our history four Presidents gained the reputation of not being able to tell a lie.

Don't scoff at the souvenir post card craze. It has been given the endorsement and hearty approval of Postmaster-General Cortelyou, and as a matter of fact it furnishes the government with a most profitable form of mail matter. In order to keep the profitable fad from dying out, the postal service has issued an order providing that all such cards may bear written messages on the front, the right half of the address, and with sufficient postage they will bill be transmitted under the post card.

There are twenty-four farmers in the present Congress, out of a total membership of 476. The two farmers in the Senate are both from South Carolina. There are two farmers in the House from South Carolina. New York has two farmers in the House—Mr. Cocks of Suffolk, and Mr. Wadsworth of Geneseo. The rest of the farmer members are scattered around the country, no two being from any one State. Will somebody please explain why it is that the farmers of the United States, with the votes to elect members of Congress in proportion to their numbers—that is nearly one-half—permit lawyers, manufacturers and bankers to so rule the roost, as is indicated by the above figures?

Everywhere people are burning leaves. In doing this they are making a mistake. Professor Charles E. Bessey, in The Nebraska State Journal, says: "Don't burn your leaves. If you have a lot on which you grow flowers of any kind. Leaves contain a great deal of most valuable food matter for growing plants. Put the leaves in a close pile in some corner of your lot, put a few boards or sticks on the pile to keep the leaves from blowing away. By spring most of the leaves will be well rotted, and you will have a lot of the best "leaf mould" you ever saw for your potted plants. Leaves are too valuable to be burned. You might as well burn up a manure pile has to burn your leaves."

THAT GRAND PRIZE.

The Sun has no desire to enter into controversy with The Bartow Courier-Informant over the division of the grand championship prize at the recent State Fair. We simply stated the plain facts in the case—that no one connected with the Fair from Alachua county was satisfied with the decision of the judges, etc., and we reiterate the assertion. Furthermore, The Sun is informed that the decision of the judges was as great a surprise to the Fair commmissioner from Polk as it was to Commissioner Callison and others from this county; that before the decision Commissioner Ruhl stated that Alachua county had undoubtdely won the grand championship prize, but that he hoped to obtain the sectional prize as the best represented county in the South Florida group. If he disputes this, it is a matter of veracity between him, Commissioner Callison and others of our informants.

The Sun has no ill feeling toward any citizen of Polk county in the matter, and attaches no blame to any of them for the decision of the judges dividing with her what Alachua county was fairly entitled to. The editor of this paper demonstrated his friendship for Bartow and the present editor of The Courier-Informant at a time when he was warned that his action would, in the end, prove detrimental to the interests of Gainesville and Alachua county, and the action of the last Legislature demonstrated that those who fore-warned us could see into the future.

The Sun, in common with the people of Alachua county and other sections, regards the decision of the judges as unfair, and as an effort to "satisfy" all sections of the State, rather than upon the merit of the various exhibits.

TWO ELECTION MUDDLES.

The City Council has called an election to be held on the 15th of January, 1907, to decide whether bonds shall be issued to the amount of ten thousand dollars for the purchase of the lot on which is located the barracks of the old East Florida Seminary, and the county commissioners have called an election to be held on the same day to decide whether Election District No. 7, comprising the city of Gainesville and some outlying territory, shall be created a sub-road tax district.

Evidently the two bodies calling these elections overlooked the sixth clause of Section 170 of the General Statutes, relating to the qualification of electors, which reads:

"No person shall be permitted to vote at an election who shall have failed to pay at least on or before the second Saturday in the month preceding the day of such election, his poll taxes for the two years next preceding the year in which such election shall be held."

The poll tax for 1906 has been due and payable for several weeks, therefore, under the law, only those who paid their poll taxes for 1905 and 1906 on or before the second Saturday of December, 1906, can vote in an election held on the 15th of January, 1907. This is too plain to admit of dispute, and under the law not exceeding ten persons can vote on the sub-road tax district question, as only ten persons had paid the poll tax for 1906 up to and including the second Saturday of the month preceding the month in which the election is to be held. Thus it will be seen that six men in one instance and four in another may decide the questions at issue, as a majority rules. It is therefore up to the county commissioners and City Council to call these elections off.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A CHEERFUL GIVER.

"The Lord loveth a cheerful giver," and "it is mor blessed to give than to receive," are faithful sayings and worthy of all acceptation. Give where your gift is needed, where it brings joy and gladness, and your own heart will swell with real pleasure. To lavish gifts upon the rich, the strong, the powerful, in the hope that you may receive in return, is mean, groveling and pitiful. Don't belittle yourself that way. Give freely only where love prompts, or better yet, go out among God's poor, hunt out those less favored or less fortunate and do acts that will brighten human lives, and the brightness will come back into your own heart by reflection.

The great and noble characters of the world, the men in all ages who have been admired and loved, have been the generous men. The shunned and hated and despised creatures of the human race have always been the misers, the stingy, grasping, hoarding, pinching wretches who valued money above human souls, and hugged their wealth in the face of misery. The world shouts and laughs when such men die, but it follows the generous man to the grave with tears and real sorrow.

Man has been attending horse races for thousands of years and will probably continue to do so centuries after the automobile shall have been succeeded by some other wonderful invention. The horseless age will never appear if its coming is dependent on the automobile or any other inanimate invention supplanting the horse in the affections of the people. The beauty of his limbs, his arched neck and quivering nostrils, his haughty movements, all appeal to the eye today even as they did thousands of years ago. Men with sufficient funds to gratify their pleasures will continue to pay fabulous prices for horses until the end of time.

SERIOUS WRECK ON ATLANTIC COAST LINE

Local Freight Crashed Into Empty Cars Near High Springs.

THREE MEN WERE KILLED

Engineer Beavers Thrown From Cab and Sustained Broken Leg—Train Derailed and Badly Wrecked—Dispatcher Claims He Sent Warning.

High Springs, December 17.—A serious wreck occurred Sunday morning at 2 o'clock on the A. C. L. line just south of the town. A local freight from Gainesville crashed into some freight cars which had been pushed down the main track in clearing the yard.

Engineer Beavers was thrown from the cab and sustained many bruises, and a broken leg. The fireman and two brakemen, both colored, were killed outright.

The freight cars were telescoped by the engine and the freight train was derailed and many cars broken.

The dispatcher here claims to have sent notice of the obstruction on the main line, but Engineer Beavers says it was not given to him.

A Complimentary Dance.

A complimentary dance was given at the opera house last night to Miss Margaret Jackson of Arkansaw, who has been here for the past six weeks as the guest of Miss Irene McCreary, and who will leave for her home today.

The dance was given by the young men of the city, as a parting regard for Miss Jackson, who has made herself so popular here by her genial, entertaining and affable manner. She returns to her home with hearts full of admiration for her clever way and her friends in this section will remember her for a long time.

While Miss Jackson came from a high and eminently dignified family, she is a young lady who has been taught, and has heeded, to remember that she is truly a Southern girl with a desire to treat everyone with a courtesy becoming her position, and in this she has been eminently successful here, for no young lady has made more friends, and none will be more welcome in the fall, when she has promised to return.

Judge Mason's Court.

There was a busy session in Judge Mason's court Monday, with the result that the genial Judge was kept busy a greater part of the day. There were two cases of damages for the killing of cows by the Gainesville and Gulf railway, and one against the Seaboard Air Line railway, in all of which judgment was granted. Judge J. A. Carlisle represented the plaintiffs in each case, while Attorney W. S. Broome appeared for the defense.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

IN THE MAYOR'S COURT.

Seven Offenders of Municipal Law Were Fined For Lawlessness.

There was a most interesting session of the mayor's court Monday morning, caused from the Saturday night "ramblings." Two young and frivolous descendants of the African race, whose main ambition as a rule is becoming efficient at "throwing the bones," were arrested for shooting crap. They were arraigned upon this charge, Policeman Kite, who arrested them, having appeared as the prosecuting witness. It was an absolute certainty that they were engaged in this practice from the evidence introduced, and they were fined $2.50 and costs each.

Robert Sherrod, Will Keith and Will Murray were arrested for venturing over the hackman's "dead line" at the Seaboard depot, and were fined $2.50 and costs each.

William Cheney is fond of hog meat, and as he owns a fair-sized lot which gives him plenty of room within the city limits, he decided to raise hogs. He did raise hogs, but he raises something else closely akin to brimstone and fire and His Satanic Majesty with it, and when the officers ascertained that he was conducting a "regular hog killing" within the city limits they proceeded to find out what the matter was. Cheney declared he didn't know it was against the law to own and butcher hogs in town, but the mayor brought to bear the old adage that the ignorance of the law excuses no one, and required the hog-owner to pay a fine of $2.50 and costs. It's cheaper to buy pork chops and the like at the market, so Cheney has concluded.

Ernest Hickman was fined $2.50 and costs for disorderly conduct, after which the court adjourned.

A PARTY FOR CUBA.

J. O. Andrews Working to Induce Immigration to the Island.

Col. J. O. Andrews, a local broker who, is alternating his time in the discharge of his duties in this line and working up a party to go to Cuba, is keeping busy now-a-days.

Col. Andrews is a great advocate of Cuba and its possibilities. He has been working on this Cuban proposition for several years, and one time did take a party, all of whom it is said were delighted.

Col. Andrews is now working on another colony, with which he proposes to settle another tract in Cuba. He reports good progress, and says he proposes to sail with his colonists about the middle of January.

COUNCIL MEETING TONIGHT.

The Reform Ordinance, As Well As Others, Will be Discussed.

There will be an adjourned meeting of the City Council tonight, at which the famous "reform" ordinance, together with others, will be discussed.

This "reform" ordinance has been especially a hard proposition on the part of the council, insofar as it has provided a little too much "reform," as some of the aldermen seem to think. They are frank in admitting that some people seem a little severe and sudden on this immediate reform proposition, which they do not think is so bad as the ordinance might infer, and it is a question as to what disposition may be made of the document. It will create considerable discussion before it is finally passed, is the opinion of those most familiar with its composition.

There will be other business before the council which will probably bring on discussion, and in all the meeting promises to be an interesting one.

Will Play "Camille."

Dainty, charming, pretty Mabel Paige, "the idol of the South," will be here next Thursday night to commence a three-night and one matinee engagement, during which she will present Bernhardt's famous version of "Camille," and there is no doubt that the opera house will be packed to standing room to see her during her entire engagement.

Miss Mabel is so well known to the patrons of the Southern theatres that an introduction is hardly necessary, and as one of her friends remarked, "Why, we've known Miss Mabel since she was the size of a five-cent bottle of pickles." The opening play selected for her engagement will be "The Little Stowaway," and those wishing seats had better procure them early at Vidal's, for there's going to be a crowded house.

TWO FINE SERMONS DELIVERED SUNDAY

Bishop Candler and Rev. C. B. Strouse at Methodist Church.

BOTH DISCOURSES IMPRESSIVE

Church Was Crowded at Both Services—In the Evening People Stood in the Aisles to Hear Dr. Strouse Talk About Salvation of the Soul.

The church-goers of Gainesville who attended the Methodist house of worship on Sunday were especially treated to something of an unusual literary nature, as the pulpit both morning and evening was filled by ministers of recognized influence and ability, and on both occasions the big church was literally packed with those desirous of hearing the Word of God promulgated from such powerful influences.

In the morning, as was announced through The Sun, Bishop W. A. Candler of Georgia, one of the most famous preachers in the United States, treated his hearers to an eloquent sermon, in which he dwelt upon the theme of "Jacob Wrestling With the Lord." He covered the subject thoroughly and in a most interesting and impressive manner, and his discourse was one which was appreciated by the large audience present.

While the church was crowded in the morning, the building was virtually inadequate to take care of the congregation in the evening, and long before the hour of service arrived there were people standing in the aisles, on account of the absence of chairs. The Sabbath school and class rooms of the church were opened in order to accommodate the crowd, and after all some were compelled to remain standing in the rear of the church.

This great aggregation was brought together by the announcement that Dr. Clarence B. Strouse, the brilliant young revivalist, was to deliver the sermon. Dr. Strouse was a little late, but when he arrived he advanced to the rostrum through a side entrance with his usual easy grace, when the service began with the usual organ prelude.

Dr. Strouse took for his subject the theme, "If Our Gospel Be Hid, It is Hid by Those Who Are Lost" It was a beautiful speech, interesting from beginning to end, and full of religious enthusiasm. Dr. Strouse, in his clever and impressive manner of speech, pictured the hunter who blinded the alligator by his alluring light. The saurian, unconscious of his approaching danger, was dazzled by the brilliancy and beauty of that light, little dreaming of the danger behind it in the person of the hunter who held the gun, from the deadly belch of which would soon result in death to the charmed. He related his own experience on a 'gator hunt in the wilds of the Everglades, and told the story in such an interesting and fascinating way that he captured his hearers. He referred to the alligator in comparison with the sinner of the present day, and the sinner of generations past, who has been blindfolded by the fascinations of this worldly earth, this greed for money and pleasure. "This light is dangerous, my brothers" he said "It's like the light the hunter shines in the alligator's eyes—it's treacherous, and if you don't look out it will, by its fascinating influences, have you in the depths of hell before you can realize its damnable allurements and intentions."

At the conclusion of his sermon Dr. Strouse asked all those who wanted the prayers of Christian people to raise their hands, and dozens responded. This was a gratifying demonstration of the effects of the sermon, and at the close of the meeting everyone felt the better.

REV. ROGERS IN SPECIAL WORK.

Will Conduct a Special Series of Meetings at LaCrosse for Week.

Rev. S. B Rogers of the First Baptist Church left Monday for LaCrosse, where on Monday night he began a special service of one week at the Baptist church.

Mr. Rogers is called to LaCrosse by a number of the leading citizens of that section, who feel that the spirit is needed in LaCrosse and vicinity, and hope to accomplish a great deal in the upbuilding of the church and for Christian advancement in that community.

Mr. Rogers expects to be absent until Saturday, and the prayers and best wishes of his congregation of this church are with him in his work.

THE NEWS FROM MELROSE.

A Delightful Social Occasion—Other Notes of Interest.

Melrose, December 17.—The oyster supper given at the Huffman House on Friday night was a most enjoyable affair. When the dining-room was opened promptly at the time appointed, the two long tables, very prettily decorated with holly branches, were soon filled with a hungry crowd who did full justice to the fine supper, served in the well known Huffman House style. The hotel office was for the time being transformed into a candy booth, also decorated in true Christmas style, at which a rushing trade was done, with the result that the large and varied supply of candy was soon sold out. An appropriate finish to this pleasant occasion was the dancing during the latter part of the evening. Orange Heights, ever ready to help a good cause, was represented by quite a delegation. The financial result was most gratifying, $45 being added to the fund for the school piano.

The Ladies' Hall is being much improved by a new coat of paint. The first meeting of the season will be held on December 28th.

Quite a number of the members of the M. E. Church have gone to Palatka to attend the conference meetings.

New arrivals during the week are Mr. and Mrs. J. W. Johnson, three children and maid, Binghamton, N. Y.; Mrs. H. B. Brown and daughter, East Hampton, Conn.; Mrs. S. Goodnough, Orange, Mass.; O. Collins, Springfield, N. J.; S. Hastings, Onset Beach, Mass.

At the Huffman House are newly registered Dr. and Mrs. J. Paxton, Paterson, N. J., also Mrs Chas. N. Rodgers and daughter, Live Oak.

On Wednesday Mr. and Mrs. Hamlyn took a party of friends on their motor launch to the pumpkin patch, where tea was served. This, added to the delightful sail, made a most enjoyable afternoon.

H. Lee of Atlanta, Ga., is spending the holidays with his parents.

Municipal Newspaper.

Dresden is one of the few cities possessing a municipal newspaper, and this was bequeathed to the city by the late Dr. Gunt. The bequest is a very valuable property and consists of a daily newspaper, which in consequence of its extensive circulation is the principal advertising medium in the neighborhood. The profits are applied to the beautifying and improvement of the city and to charity.

When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway.

ROCHELLE TO HAVE PLAY.

Prof. Owens and Pupils of Martha Perry Will Entertain Cleverly.

Editor Sun: Will you please give space in your paper for the notice of our play to be given on Friday night, Dec. 21, the proceeds to go to the piano fund?

After the play is over we will have refreshments and appropriate amusement for the young folks. Everyone is invited to come and have a jolly good time.

The name of the play to be presented is "Those Dreadful Twins," a comedy sparkling with wit and humor from beginning to end. The comedy is in three acts, and the following is the caste:

Josiah Brown, a deacon of our church—J. H. Owens.

Deacon Whitbeck, of the same church—O. O. Thigpin.

Sheriff O'Brien, one of the boys—Bob Zetrouer.

Lynx, The Detective, always on deck—Raymon Dicks.

Johnny Brown, one of the twins—Andrew Zetrouer.

Rastus, out of a job—Henry Feaster.

Mrs. Josephine Brown, looking out for No. 1—Miss Willie Jones.

Josephine Brown Clifford, Josiah's daughter—Miss Velma Jennings.

Becky Green, an energetic member of our church—Miss Lina Jones.

Fanny Brown, another of the twins—Miss Pattie Zetrouer.

MUSKRAT BUILDERS.

The House In the Meadow and How It Is Constructed.

I have always been told that muskrat houses mean a severe winter. Instead of a sign of cold weather, the muskrat house means simply that one or more muskrats have chosen to live in the low meadow or at the shallow head of the pond, where there is no chance to burrow underground and have a bedroom that cannot be flooded by the high tides of winter.

These same muskrats, along the steep banks of a river, would tunnel into the earth and there dig a bedroom out of reach of the highest flood. They do not always succeed, however, as they are often washed out of their winter beds by spring freshets.

The house in the meadow is usually built over a tall, stout tussock, whose grassy top forms the bed. This is domed over, making a large room big enough for one or for half a dozen, according to the number of muskrats sharing the work. At least two openings or dives lead from the bed into open water at the foot of the tussock. And this water never freezes. When ice forms outside, the warmth of the muskrats' bodies is sufficient to keep the doors free, through which the dwellers shoot at instant alarm, for these passages lead into winding burrows and waterways that run far out through the rich, rooty meadow.—Country Life In America.

Parliament.

The name "parliament" is derived from the French word "parler," to speak. The word was originally written "parlement," as in French, and, although the spelling has gradually changed, the pronunciation remains the same. The earliest mention of the word "parliament" in the English statutes is in the preamble to the statute of Westminster in 1272. For the origin of the institution itself we must go back to Anglo-Saxon times, when it flourished as the witenagemot. In the reign of Henry III. parliament was formally separated into the two houses of lords and commons, and the deliberations were conducted in separate chambers.

Hindoo Moon Lore.

According to the Hindoos, a lunar eclipse is the contact between the moon and another planet called Rahoo, but the masses believe that, owing to the will of God, Rahoo, or the serpent-like planet, catches hold of the moon by its hideous mouth and releases it after a short time. At first contact the Hindoos bathe in the sea and anxiously await the release. After the contact they take another bath. During the interval they are not allowed even to drink a cup of water, as their belief is that all things in the world get polluted during the contact.—Singapore Times.

INCREASE IN SALARY DEFEATED IN HOUSE

Nearly Every Member Was In His Seat When

THE PROPOSITON CAME UP

Livingston Did Not Vote—He Said $7,500, with Mileage Eliminated and Other Changes Proposed, Was Very Little More than Present Pay.

Washington, Dec. 17.—Practically every congressman was in his seat when the weighty problem of voting to increase their own salaries was brought up for discussion. Personally, a great many of the representatives felt that the increase was a just and a necessary one, on account of the increased cost of living in Washington, but they were deterred by what the folks at home might think, and as the statesmen felt that it was better to serve at insufficient pay than not serve at all, they voted against the increase. The delicate problem is now up to the senate for its decision.

Representative Livingston, while not an enthusiastic supporter of the increase, called attention to the fact that the salary of $7,500, with mileage eliminated, and only the actual expenses of members in attending sessions was allowed, was practically very little more than they now receive on the $5,000 basis.

A letter was read from Senator Tillman, of South Carolina, stating if his salary was not raised he would starve to death.

The Georgia delegates did not for a moment, hesitate about their negative vote on the question of raising their salaries for the terms to which they had already been elected, beginning in 1907. All, with the exception of Representative Hardwick, also voted "no" on the motion to ahve the increased pay begin with the 61st congress, or in 1909. Colonel Livingston did not vote.

Senator Clay announces positively that when the proposed increase comes up in the senate he will vote against it, declaring that he accepted the office of United States senator knowing what the salary was, and he did not feel that he could conscientiously vote to increase his own pay.

After disposing of the salary question, the house pased the legislative executive and judicial appropriation bill. Mr. Littauer, of New York, opened the discussion by presenting an amendment raising the salaries of the vice president and the speaker of the house to $12,000 per annum. He spoke of the dignity of the position of speaker of the house, and said that everybody recognized that the duties are arduous and that the pay is unequal.

Mr. Underwood, of Alabama, opposed any further increase of salaries along the line of legislative and executive officers. He believed the salaries of the minor clerks of the government should be increased on account of the increased cost of living.

Mr. Underwood further said that there is no executive body in the world that pays its members as much as the members of congress of the United States are paid. His contention was that salaries are paid to members of congress so that a poor man might come to congress and represent his constituents.

After other speeches the amendment was adopted by a vote of 214 to 51, the opposition failing to secure votes enough to call the ayes and noes.

Having won a most substantial victory, Mr. Littauer introduced another amendment as follows:

"On and after March 4, 1907, the compensation of heads of executive departments, who are members of the president's cabinet, shall be at the rate of $12,000 per annum each."

Mr. Littauer held up a large picture of a president of a baseball association whose salary had been increased from $10,000 to $15,000 a year, and contrasted that with the salaries of the cabinet. The amendment was adopted—204 to 60.

Mr. Littauer, who retires to private life with the close of the present congress, offered a provision raising the salaries of senators and members of congress, delegates, and the resident commissioner of Porto Rico to $7,500, and on agreement the time for the increase to begin was fixed as March 4, 1909.

Mr. Boutelle, of Illinois, said he was opposed to the proposition to increase salaries of members, but was glad to vote to increase the compensation of the speaker, vice president and members of the cabinet.

Representative Clark, of Florida, said he desired to discuss the question from the standpoint of a poor man. He called attention to the fact that men are leaving the service of the country and returning to private life, solely because the salary which they receive in official positions was inadequate to maintain them.

"And the ysee in the future years, poverty for their children, and want in their old age. I believe there are not ten men on the floor in private conversation will not say the salary is inadequate, the increase is right, but some say, 'I cannot afford to vote for it.' If the time ever comes while I am a member of this house, that I look upon any proposition as being right, and yet I am afraid to vote for it, I will tender my resignation and go home."

A round of applause followed which rather startled Mr. Clark.

"For God's sake, let us answer the great daily papers who are challenging our courage to go upon the record by our votes before all the country," was his concluding appeal.

Mr. Lamar, of Florida, opposed the amendment, as did Representative Gronna, of North Dakota; Lacey, of Iowa, and Webber, of Ohio.

Others who spoke in favor of the amendment, as did Representatives Grosvenor, of Ohio, and Sims and Gains of Tennessee.

The amendment was defeated by a vote of ayes, 106; noes, 188.

Finley Heads G. S. & F. Railway.

Macon, Ga., Dec. 17.—President W. W. Finley, of the Southern railway, was named head of the Georgia Southern and Florida railway at the meeting in the general offices of the company. He was also chosen to fill the vacancy on the board of directors made by the death of the late president Spencer. He thus assumes all the duties toward the Georgia Southern and Florida that were performed by the man who was succeeded by him in the Southern. Resolutions deploring the death of President Spencer were presented and adopted by the board of directors. No other business was disposed of. The directors present at the meeting were T. D. Tinsley, T. C. Burke, W. R. Cox, J. F. Hanson, W. E. McCaw and S. F. Parrott, of Macon, and A. S. Pendleton, of Valdosta, and George W. Parrott, of Atlanta.

Favors Income Tax Law.

St. Louis, Mo., Dec. 17.—Adolphus Busch, the multi-millionaire brewer, says he is in favor of an income tax law. Discussing that part of President Roosevelts message referring to the income tax, Mr. Busch said Friday: "If there were not so many stingy rich men in the United States, every man with a decent income would be paying his fair proportion of government taxes. A man with money is so fortunate that I believe that he should be respectably liberal. I have often wondere dwhy it is those of the United States who have so much of the world's goods still want to get more and more still, and never share our prosperity with others."

RAILROADS OWNED BY GOVERNMENT

Mexican Government Buys Majority of Stock In

A GREAT RAILWAY COMPANY

Which Buys System that Will Comprise Over 10,000 Miles and Numerous Extensions Are Already Under Way in South.

Mexico, Dec. 17.—Details of the railway merger, in which the Mexican government takes control of all important railroad lines in the republic, became known Friday.

By the terms of the contract, the government procures absolute control of the Mexican Central, the National, the International, the Inter-Oceanic and the Hidalgo and Northwestern railroads, all of which will be merged into one great railroad system. The government also comes into control of the Texas-Mexian, a railroad at Laredo, Tex., which is owned by the National. The mileage of the system will aggregate 10,000 miles.

The Tehuantepec National and the Vera Cruz and Pacific railroads, controlled by the government, will continue to be operated as independent companies.

A Mexican company, a majority of whose stock will be held by the Mexican government, will be organized with headquarters in Mexico City. The company will issue its securities in exchange for securities for the outstanding of the merged companies.

The new company will make a limit-ed issue of prior liens at 4½ per cent and general mortgage bonds at 4 per cent, the principal and the interest of the latter to be guaranteed. The negotiations in a more definite form became active while Mr. Limantour was in New York on his return trip from Europe. They were finally brought to an issue in the last few days, during the visit to Mexico of Eben Richards, president of the Mexican Central and personal representative of Henry Clay Pierce and Walter Lawen, of Ladenburg, Thalmann & Co., representing the foreign bankers.

In a remarkable speech before congress Minister of Finance Limantour explained the reasons for the gigantic railroad merger just consummated by which the National and Central lines become the property of the republic. He declared that if this step had not been taken the great railroad lines of the United States would have stepped in and absorbed all of the properties not then controlled by this government. This, he explained, would saddle onto the Mexican people one of the great trust evils suffered by the citizens of the great northern republic. In further summarizing the situation he gave as the two other chief reasons for the government's action the facts that the present merger will avoid friction between the Mexican Central and the National lines, when the Central might fear being antagonized by the Central lines in which the government had the controlling interest and the prospect of realizing considerable economies through the consolidation of the great railroads under a single management. He maintained that the government did not contemplate the merger and was forced to do so by the aggressive attitude assumed by certain great railway systems in the United Sattes.

Immigrant Steamer Line.

New Orleans, Dec. 17.—Another step in the movement to bring white immigrants to the south was announced Friday night by A. H. Hanson, passenger traffic agent of the Illinois Central railroad. He said that the railroad's European steamship agent, Donald Rose, has arranged with a steamship line to run immigrant steamers between New Orleans and European ports. The name of the steamship line was not made public by Mr. Hanson, who said that the boats will begin running as soon as the new immigrant station is erected.

MRS. BIRDSONG OUT ON BAIL.

Motion for a New Trial Denied—Notice of Appeal.

Hazlehurst, Miss., Dec. 17.—Mrs. Angie Birdsong has been denied a new trial by Judge Miller. She was sentenced to five years in the penitentiary and notice was given by appeal to the Mississipi supreme court.

When the notice of appeal was filed counsel for Mrs. Birdsong made application for bail, which was granted in the sum of $10,000. Major Fox, father of Mrs. Birdsong; A. Q. May, of Jackson, and other friends of the woman, signed the bond.

Mrs. Birdsong shot and killed Dr. Thomas Butler, at Monticello, Miss., Nov. 25, 1905, and at the trial concluded several days ago was convicted of manslaughter. Since that time she has been seriously ill. Because of her young child and her illness, Mrs. Birdsong was never sent to jail.

The young defendant was taken to court lying upon a cot. Moaning with pain and fever, calling continually for water, and at times nearly delirious, she listened for an hour and a quarter to her counsel's arguments for leniency and a new trial. She was allowed to hear the sentence without standing. A striking feature of this scene was the fact that the leading argument for Mrs. Birdsong was made by a lawyer, himself so ill that he reclined in an invalid's chair, while addressing the court. This was R. N. Miller, who suffered complete breakdown at one of the critical parts of the trial.

Boys Rob Man of $631.50.

Atlanta, Dec. 17.—While in front of the Williams house No. 1, James O. Watkins was accosted by two little newsboys, and robbed of $631.50. "Mister, please change this dime for me?" said one. Watkins pulled his pocketbook out, and was about to give the change desired when the two little fellows grabbed his purse, and ran away, making an easy escape. The matter was reported to the police, and the case is being investigated. Mr. Watkins said it contained $131.50 in greenbacks and silver, and $500 worth of negotiable certificates. It is not thought that the urchins can handle this amount of money without being detected within a very short time. A very accurate description of the boys is in the hands of the police, and it is thought they will be caught.

One Killed; Nine Injured.

Bluefield, W. Va., Dec. 17.—The explosion of 10,000 pounds of powder, on three mine cars, at Eckman, Friday caused the death of one person, and the injury of nine others, two of them probably fatally. Joe Steels was killed. Alexander Finney and Mrs. George Johnson were probably fatally injured. The men were on the powder cars, and the woman was in a house nearby. The powder was in tins, and was moved from a freight car to the magazine, when sparks from the motor wheels set it off. The houses nearby were torn to splinters, and the detonation rocked the entire village.

Believe Wife Murdered Husband.

Pittsburg, Dec. 17.—Because he was a decent, hardworking man and did not like the guests invited to his house, the coroner's deputies believe Hugh Walker was murdered by his wife, Lena, and Robert Lloyd, a boarder, whom the police say, has a bad record. Walker came recently from Indiana, and had been employed as an expert in the steel mills. He died on Tauraday, his widow says, by falling down stairs. The coroner's physician yesterday found three stab wounds over the right eye that penetrated the brain and caused his death.

Convicted of Manslaughter.

Atlanta, Dec. 17.—Will Smith, a negro, was convicted of voluntary manslaughter in the superior court, and was sentenced by Judge Roan to serve six years in the penitentiary. On Nov. 12 Smith found a negro named Henry Williams in his home, attacked him with an ax, and killed him. In the his statement to the jury, Smith declared that Williams had repeatedly invaded his home, and, finding him there on that occasion, he attached him in the heat of passion, and slew him.

TRIAL ORDERED FOR OFFICERS OF BLACKS

Charged With Failure to Do Duty at

TIME OF BROWNSVILLE RIOT

Also charged that in View of the Strained Relations Which Existed Officers Failed to Exercise Due Diligence in Preventing Trouble.

Washington, Dec. 17.—On the recommendation of the general staff, the secrtary of war has ordered the trial by courtmartial of Major Chas. W. Penrose and Captain Edgar A. Macklin, of company C, first battalion Twenty-fifth infantry, under the sixty-second article of war, for "conduct to the prejudice of good order and discipline," in failing in their duty in preventing and suppressing the riot at Brownsville, Tex., last August.

The specifications will include among other things the charge that the two officers named failed to exercise due diligence in preventing the occurrence when the condition of affairs at Brownsville made it necessary that all proper precautions should be taken to prevent a clash between the troops and citizens, and also that they did not examine the rifles of the men until daylight, although they learned of the true state of affairs by 1 or 2 o'clock in the morning.

The details as to the membership of the court and the place where the trial will be held, have been left to the discretion of the commanding officers of the department of Texas.

Will Not Bar Jap Children.

San Francisco, Dec. 17—"Japanese children who have passed the grammar grades have not and will not be barred from the high schools." This statement was made by President Altmann, of the board of education. Accordingly, if any Japanese sees fit to pursue the higher education in so far as the public schools of the city can make a pathway for him there will be no bar after he passes through the Oriental school. It is only in the grammar and primary grades that any objection is made to the presence of Japanese and the chief objection in these grades is to grown men.

Cruiser Montana Launched.

Newport News, Va., Dec. 17.—The United States cruiser Montana was successfully launched at the Newport News ship yard Saturday, in the presence of a large number of people. The vessel was christened by Miss Minnie Conrad, daughter of W. G. Conrad, of Montana. Governor Toole, of that state, was represented by Martin Maginnis, former territorial delegate in congress. Senator Carter and Representative Dixon also were present. The navy was not officially represented.

Deficiency Faces Convention.

Guthrie, Okla., Dec. 17.—An estimated deficiency of $150,000 faces the constitutional convention. Chas. H. Filson, disbursing agent of the convention, said last night that the compiroller of the currency had notified him to contract no debts beyond the $100,000 appropriated in the enabling act for the election and he already has refused to pay printing bills contracted without his knowledge. "When the money runs out," said he, "I will quit paying."

Mr. Littauer, of New York, opened the discussion by presenting an amendment raising the salaries of the vice president and the speaker of the house to $12,000 per annum. He spoke of the dignity of the position of speaker of the house, and said that everybody recognized that the duties are arduous and that the pay is unequal.

Mr. Underwood, of Alabama, opposed any further increase of salaries along the line of legislative and executive officers. He believed the salaries of the minor clerks of the government should be increased on account of the increased cost of living.

Mr. Underwood further said that there is no executive body in the world that pays its members as much as the members of congress of the United States are paid. His contention was that salaries are paid to members of congress so that a poor man might come to congress and represent his constituents.

After other speeches the amendment was adopted by a vote of 214 to 51, the opposition failing to secure votes enough to call the ayes and noes.

Having won a most substantial victory, Mr. Littauer introduced another amendment as follows:

"On and after March 4, 1907, the compensation of heads of executive departments, who are members of the president's cabinet, shall be at the rate of $12,000 per annum each."

Mr. Littauer held up a large picture of a president of a baseball association whose salary had been increased from $10,000 to $15,000 a year, and contrasted that with the salaries of the cabinet. The amendment was adopted—204 to 60.

Mr. Littauer, who retires to private life with the close of the present congress, offered a provision raising the salaries of senators and members of congress, delegates, and the resident commissioner of Porto Rico to $7,500, and on agreement the time for the increase to begin was fixed as March 4, 1909.

Mr. Boutelle, of Illinois, said he was opposed to the proposition to increase salaries of members, but was glad to vote to increase the compensation of the speaker, vice president and members of the cabinet.

Representative Clark, of Florida, said he desired to discuss the question from the standpoint of a poor man. He called attention to the fact that men are leaving the service of the country and returning to private life, solely because the salary which they receive in official positions was inadequate to maintain them.

"And the ysee in the future years, poverty for their children, and want in their old age. I believe there are not ten men on the floor in private conversation will not say the salary is inadequate, the increase is right, but some say, 'I cannot afford to vote for it.' If the time ever comes while I am a member of this house, that I look upon any proposition as being right, and yet I am afraid to vote for it, I will tender my resignation and go home."

A round of applause followed which rather startled Mr. Clark.

"For God's sake, let us answer the great daily papers who are challenging our courage to go upon the record by our votes before all the country," was his concluding appeal.

Mr. Lamar, of Florida, opposed the amendment, as did Representative Gronna, of North Dakota; Lacey, of Iowa, and Webber, of Ohio.

Others who spoke in favor of the amendment, as did Representatives Grosvenor, of Ohio, and Sims and Gains of Tennessee.

The amendment was defeated by a vote of ayes, 106; noes, 188.

Finley Heads G. S. & F. Railway.

Macon, Ga., Dec. 17.—President W. W. Finley, of the Southern railway, was named head of the Georgia Southern and Florida railway at the meeting in the general offices of the company. He was also chosen to fill the vacancy on the board of directors made by the death of the late president Spencer. He thus assumes all the duties toward the Georgia Southern and Florida that were performed by the man who was succeeded by him in the Southern. Resolutions deploring the death of President Spencer were presented and adopted by the board of directors. No other business was disposed of. The directors present at the meeting were T. D. Tinsley, T. C. Burke, W. R. Cox, J. F. Hanson, W. E. McCaw and S. F. Parrott, of Macon, and A. S. Pendleton, of Valdosta, and George W. Parrott, of Atlanta.

Favors Income Tax Law.

St. Louis, Mo., Dec. 17.—Adolphus Busch, the multi-millionaire brewer, says he is in favor of an income tax law. Discussing that part of President Roosevelts message referring to the income tax, Mr. Busch said Friday: "If there were not so many stingy rich men in the United States, every man with a decent income would be paying his fair proportion of government taxes. A man with money is so fortunate that I believe that he should be respectably liberal. I have often wondere dwhy it is those of the United States who have so much of the world's goods still want to get more and more still, and never share our prosperity with others."

RAILROADS OWNED BY GOVERNMENT

Mexican Government Buys Majority of Stock In

A GREAT RAILWAY COMPANY

Which Buys System that Will Comprise Over 10,000 Miles and Numerous Extensions Are Already Under Way in South.

Mexico, Dec. 17.—Details of the railway merger, in which the Mexican government takes control of all important railroad lines in the republic, became known Friday.

By the terms of the contract, the government procures absolute control of the Mexican Central, the National, the International, the Inter-Oceanic and the Hidalgo and Northwestern railroads, all of which will be merged into one great railroad system. The government also comes into control of the Texas-Mexian, a railroad at Laredo, Tex., which is owned by the National. The mileage of the system will aggregate 10,000 miles.

The Tehuantepec National and the Vera Cruz and Pacific railroads, controlled by the government, will continue to be operated as independent companies.

A Mexican company, a majority of whose stock will be held by the Mexican government, will be organized with headquarters in Mexico City. The company will issue its securities in exchange for securities for the outstanding of the merged companies.

The new company will make a limited issue of prior liens at 4½ per cent and general mortgage bonds at 4 per cent, the principal and the interest of the latter to be guaranteed. The negotiations in a more definite form became active while Mr. Limantour was in New York on his return trip from Europe. They were finally brought to an issue in the last few days, during the visit to Mexico of Eben Richards, president of the Mexican Central and personal representative of Henry Clay Pierce and Walter Lawen, of Ladenburg, Thalmann & Co., representing the foreign bankers.

In a remarkable speech before congress Minister of Finance Limantour explained the reasons for the gigantic railroad merger just consummated by which the National and Central lines become the property of the republic. He declared that if this step had not been taken the great railroad lines of the United States would have stepped in and absorbed all of the properties not then controlled by this government. This, he explained, would saddle onto the Mexican people one of the great trust evils suffered by the citizens of the great northern republic. In further summarizing the situation he gave as the two other chief reasons for the government's action the facts that the present merger will avoid friction between the Mexican Central and the National lines, when the Central might fear being antagonized by the Central lines in which the government had the controlling interest and the prospect of realizing considerable economies through the consolidation of the great railroads under a single management. He maintained that the government did not contemplate the merger and was forced to do so by the aggressive attitude assumed by certain great railway systems in the United Sattes.

Immigrant Steamer Line.

New Orleans, Dec. 17.—Another step in the movement to bring white immigrants to the south was announced Friday night by A. H. Hanson, passenger traffic agent of the Illinois Central railroad. He said that the railroad's European steamship agent, Donald Rose, has arranged with a steamship line to run immigrant steamers between New Orleans and European ports. The name of the steamship line was not made public by Mr. Hanson, who said that the boats will begin running as soon as the new immigrant station is erected.

MRS. BIRDSONG OUT ON BAIL.

Motion for a New Trial Denied—Notice of Appeal.

Hazlehurst, Miss., Dec. 17.—Mrs. Angie Birdsong has been denied a new trial by Judge Miller. She was sentenced to five years in the penitentiary and notice was given by appeal to the Mississipi supreme court.

When the notice of appeal was filed counsel for Mrs. Birdsong made application for bail, which was granted in the sum of $10,000. Major Fox, father of Mrs. Birdsong; A. Q. May, of Jackson, and other friends of the woman, signed the bond.

Mrs. Birdsong shot and killed Dr. Thomas Butler, at Monticello, Miss., Nov. 25, 1905, and at the trial concluded several days ago was convicted of manslaughter. Since that time she has been seriously ill. Because of her young child and her illness, Mrs. Birdsong was never sent to jail.

The young defendant was taken to court lying upon a cot. Moaning with pain and fever, calling continually for water, and at times nearly delirious, she listened for an hour and a quarter to her counsel's arguments for leniency and a new trial. She was allowed to hear the sentence without standing. A striking feature of this scene was the fact that the leading argument for Mrs. Birdsong was made by a lawyer, himself so ill that he reclined in an invalid's chair, while addressing the court. This was R. N. Miller, who suffered complete breakdown at one of the critical parts of the trial.

Boys Rob Man of $631.50.

Atlanta, Dec. 17.—While in front of the Williams house No. 1, James O. Watkins was accosted by two little newsboys, and robbed of $631.50. "Mister, please change this dime for me?" said one. Watkins pulled his pocketbook out, and was about to give the change desired when the two little fellows grabbed his purse, and ran away, making an easy escape. The matter was reported to the police, and the case is being investigated. Mr. Watkins said it contained $131.50 in greenbacks and silver, and $500 worth of negotiable certificates. It is not thought that the urchins can handle this amount of money without being detected within a very short time. A very accurate description of the boys is in the hands of the police, and it is thought they will be caught.

One Killed; Nine Injured.

Bluefield, W. Va., Dec. 17.—The explosion of 10,000 pounds of powder, on three mine cars, at Eckman, Friday caused the death of one person, and the injury of nine others, two of them probably fatally. Joe Steels was killed. Alexander Finney and Mrs. George Johnson were probably fatally injured. The men were on the powder cars, and the woman was in a house nearby. The powder was in tins, and was moved from a freight car to the magazine, when sparks from the motor wheels set it off. The houses nearby were torn to splinters, and the detonation rocked the entire village.

Believe Wife Murdered Husband.

Pittsburg, Dec. 17.—Because he was a decent, hardworking man and did not like the guests invited to his house, the coroner's deputies believe Hugh Walker was murdered by his wife, Lena, and Robert Lloyd, a boarder, whom the police say, has a bad record. Walker came recently from Indiana, and had been employed as an expert in the steel mills. He died on Thursday, his widow says, by falling down stairs. The coroner's physician yesterday found three stab wounds over the right eye that penetrated the brain and caused his death.

Convicted of Manslaughter.

Atlanta, Dec. 17.—Will Smith, a negro, was convicted of voluntary manslaughter in the superior court, and was sentenced by Judge Roan to serve six years in the penitentiary. On Nov. 12 Smith found a negro named Henry Williams in his home, attacked him with an ax, and killed him. In the his statement to the jury, Smith declared that Williams had repeatedly invaded his home, and, finding him there on that occasion, he attacked him in the heat of passion, and slew him.

TRIAL ORDERED FOR OFFICERS OF BLACKS

Charged With Failure to Do Duty at

TIME OF BROWNSVILLE RIOT

Also charged that in View of the Strained Relations Which Existed Officers Failed to Exercise Due Diligence in Preventing Trouble.

Washington, Dec. 17.—On the recommendation of the general staff, the secrtary of war has ordered the trial by courtmartial of Major Chas. W. Penrose and Captain Edgar A. Macklin, of company C, first battalion Twenty-fifth infantry, under the sixty-second article of war, for "conduct to the prejudice of good order and discipline," in failing in their duty in preventing and suppressing the riot at Brownsville, Tex., last August.

The specifications will include among other things the charge that the two officers named failed to exercise due diligence in preventing the occurrence when the condition of affairs at Brownsville made it necessary that all proper precautions should be taken to prevent a clash between the troops and citizens, and also that they did not examine the rifles of the men until daylight, although they learned of the true state of affairs by 1 or 2 o'clock in the morning.

The details as to the membership of the court and the place where the trial will be held, have been left to the discretion of the commanding officers of the department of Texas.

Will Not Bar Jap Children.

San Francisco, Dec. 17—"Japanese children who have passed the grammar grades have not and will not be barred from the high schools." This statement was made by President Altmann, of the board of education. Accordingly, if any Japanese sees fit to pursue the higher education in so far as the public schools of the city can make a pathway for him there will be no bar after he passes through the Oriental school. It is only in the grammar and primary grades that any objection is made to the presence of Japanese and the chief objection in these grades is to grown men.

Cruiser Montana Launched.

Newport News, Va., Dec. 17.—The United States cruiser Montana was successfully launched at the Newport News ship yard Saturday, in the presence of a large number of people. The vessel was christened by Miss Minnie Conrad, daughter of W. G. Conrad, of Montana. Governor Toole, of that state, was represented by Martin Maginnis, former territorial delegate in congress. Senator Carter and Representative Dixon also were present. The navy was not officially represented.

Deficiency Faces Convention.

Guthrie, Okla., Dec. 17.—An estimated deficiency of $150,000 faces the constitutional convention. Chas. H. Filson, disbursing agent of the convention, said last night that the comptroller of the currency had notified him to contract no debts beyond the $100,000 appropriated in the enabling act for the election and he already has refused to pay printing bills contracted without his knowledge. "When the money runs out," said he, "I will quit paying."

Telegraph Lines Damaged.

Rome, Dec. 17.—Terrific storms of snow, wind and rain, have caused serious damage to all the Italian telegraph lines. Throughout the morning of Saturday Rome was entirely isolated.

Strand Steamer Floated.

New York, Dec. 17.—The Austrian steamship Clara, which went ashore at Mantoleking Friday, was floated off Saturday.

Stockholm, Dec. 17.—King Oscar passed a good night and his condition Saturday showed considerable improvement.

SERIOUS WRECK ON ATLANTIC COAST LINE

Local Freight Crashed Into Empty Cars Near High Springs.

THREE MEN WERE KILLED

Engineer Beavers Thrown From Cab and Sustained Broken Leg—Train Derailed and Badly Wrecked—Dispatcher Claims He Sent Warning.

High Springs, December 17.—A serious wreck occurred Sunday morning at 2 o'clock on the A. C. L. line just south of the town. A local freight from Gainesville crashed into some freight cars which had been pushed down the main track in clearing the yard.

Engineer Beavers was thrown from the cab and sustained many bruises, and a broken leg. The fireman and two brakemen, both colored, were killed outright.

The freight cars were telescoped by the engine and the freight train was derailed and many cars broken.

The dispatcher here claims to have sent notice of the obstruction on the main line, but Engineer Beavers says it was not given to him.

A Complimentary Dance.

A complimentary dance was given at the opera house last night to Miss Margaret Jackson of Arkansaw, who has been here for the past six weeks as the guest of Miss Irene McCreary, and who will leave for her home today.

The dance was given by the young men of the city, as a parting regard for Miss Jackson, who has made herself so popular here by her genial, entertaining and affable manner. She returns to her home with hearts full of admiration for her clever way and her friends in this section will remember her for a long time.

While Miss Jackson came from a high and eminently dignified family, she is a young lady who has been taught, and has heeded, to remember that she is truly a Southern girl with a desire to treat everyone with a courtesy becoming her position, and in this she has been eminently successful here, for no young lady has made more friends, and none will be more welcome in the fall, when she has promised to return.

Judge Mason's Court.

There was a busy session in Judge Mason's court Monday, with the result that the genial Judge was kept busy a greater part of the day. There were two cases of damages for the killing of cows by the Gainesville and Gulf railway, and one against the Seaboard Air Line railway, in all of which judgment was granted. Judge J. A. Carlisle represented the plaintiffs in each case, while Attorney W. S. Broome appeared for the defense.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

IN THE MAYOR'S COURT.

Seven Offenders of Municipal Law Were Fined For Lawlessness.

There was a most interesting session of the mayor's court Monday morning, caused from the Saturday night "ramblings." Two young and frivolous descendants of the African race, whose main ambition as a rule is becoming efficient at "throwing the bones," were arrested for shooting crap. They were arraigned upon this charge, Policeman Kite, who arrested them, having appeared as the prosecuting witness. It was an absolute certainty that they were engaged in this practice from the evidence introduced, and they were fined $2.50 and costs each.

Robert Sherrod, Will Keith and Will Murray were arrested for venturing over the hackman's "dead line" at the Seaboard depot, and were fined $2.50 and costs each.

William Cheney is fond of hog meat, and as he owns a fair-sized lot which gives him plenty of room within the city limits, he decided to raise hogs. He did raise hogs, but he raises something else closely akin to brimstone and fire and His Satanic Majesty with it, and when the officers ascertained that he was conducting a "regular hog killing" within the city limits they proceeded to find out what the matter was. Cheney declared he didn't know it was against the law to own and butcher hogs in town, but the mayor brought to bear the old adage that the ignorance of the law excuses no one, and required the hog-owner to pay a fine of $2 50 and costs. It's cheaper to buy pork chops and the like at the market, so Cheney has concluded.

Ernest Hickman was fined $2.50 and costs for disorderly conduct, after which the court adjourned.

A PARTY FOR CUBA.

J. O. Andrews Working to Induce Immigration to the Island.

Col. J. O. Andrews, a local broker who is alternating his time in the discharge of his duties in this line and working up a party to go to Cuba, is keeping busy now-a-days.

Col. Andrews is a great advocate of Cuba and its possibilities. He has been working on this Cuban proposition for several years, and one time did take a party, all of whom it is said were delighted.

Col. Andrews is now working on another colony, with which he proposes to settle another tract in Cuba. He reports good progress, and says he proposes to sail with his colonists about the middle of January.

Half a pint of hot water taken half an hour before breakfast will usually keep the bowels regular. Harsh cathartics should be avoided. When a purgative is needed, take Chamberlain's Stomach and Liver Tablets. They are mild and gentle in their action. For sale by all druggists.

COUNCIL MEETING TONIGHT.

The Reform Ordinance, As Well As Others, Will be Discussed.

There will be an adjourned meeting of the City Council tonight, at which the famous "reform" ordinance, together with others, will be discussed.

This "reform" ordinance has been especially a hard proposition on the part of the council, insofar as it has provided a little too much "reform," as some of the aldermen seem to think. They are frank in admitting that some people seem a little severe and sudden on this immediate reform proposition, which they do not think is so bad as the ordinance might infer, and it is a question as to what disposition may be made of the document. It will create considerable discussion before it is finally passed, is the opinion of those most familiar with its composition.

There will be other business before the council which will probably bring on discussion, and in all the meeting promises to be an interesting one.

Will Play "Camille."

Dainty, charming, pretty Mabel Paige, "the idol of the South," will be here next Thursday night to commence a three-night and one matinee engagement, during which she will present Bernhardt's famous version of "Camille," and there is no doubt that the opera house will be packed to standing room to see her during her entire engagement.

Miss Mabel is so well known to the patrons of the Southern theatres that an introduction is hardly necessary, and as one of her friends remarked, "Why, we've known Miss Mabel since she was the size of a five-cent bottle of pickles." The opening play selected for her engagement will be "The Little Stowaway," and those wishing seats had better procure them early at Vidal's, for there's going to be a crowded house.

TWO FINE SERMONS DELIVERED SUNDAY

Bishop Candler and Rev. C. B. Strouse at Methodist Church.

BOTH DISCOURSES IMPRESSIVE

Church Was Crowded at Both Services—In the Evening People Stood in the Aisles to Hear Dr. Strouse Talk About Salvation of the Soul.

The church-goers of Gainesville who attended the Methodist house of worship on Sunday were especially treated to something of an unusual literary nature, as the pulpit both morning and evening was filled by ministers of recognized influence and ability, and on both occasions the big church was literally packed with those desirous of hearing the Word of God promulgated from such powerful influences.

In the morning, as was announced through The Sun, Bishop W. A. Candler of Georgia, one of the most famous preachers in the United States, treated his hearers to an eloquent sermon, in which he dwelt upon the theme of "Jacob Wrestling With the Lord." He covered the subject thoroughly and in a most interesting and impressive manner, and his discourse was one which was appreciated by the large audience present.

While the church was crowded in the morning, the building was virtually inadequate to take care of the congregation in the evening, and long before the hour of service arrived there were people standing in the aisles, on account of the absence of chairs. The Sabbath school and class rooms of the church were opened in order to accommodate the crowd, and after all some were compelled to remain standing in the rear of the church.

This great aggregation was brought together by the announcement that Dr. Clarence B. Strouse, the brilliant young revivalist, was to deliver the sermon. Dr. Strouse was a little late, but when he arrived he advanced to the rostrum through a side entrance with his usual easy grace, when the service began with the usual organ prelude.

Dr. Strouse took for his subject the theme, "If Our Gospel Be Hid, It is Hid by Those Who Are Lost." It was a beautiful speech, interesting from beginning to end, and full of religious enthusiasm. Dr. Strouse, in his clever and impressive manner of speech, pictured the hunter who blinded the alligator by his alluring light. The saurian, unconscious of his approaching danger, was dazzled by the brilliancy and beauty of that light, little dreaming of the danger behind it in the person of the hunter who held the gun, from the deadly belch of which would soon result in death to the charmed. He related his own experience on a 'gator hunt in the wilds of the Everglades, and told the story in such an interesting and fascinating way that he captured his hearers. He referred to the alligator in comparison with the sinner of the present day, and the sinner of generations past, who has been blindfolded by the fascinations of this worldly earth, this greed for money and pleasure. "This light is dangerous, my brothers" he said "It's like the light the hunter shines in the alligator's eyes—it's treacherous, and if you don't look out it will, by its fascinating influences, have you in the depths of hell before you can realize its damnable allurements and intentions."

At the conclusion of his sermon Dr. Strouse asked all those who wanted the prayers of Christian people to raise their hands, and dozens responded. This was a gratifying demonstration of the effects of the sermon, and at the close of the meeting everyone felt the better.

REV. ROGERS IN SPECIAL WORK.

Will Conduct a Special Series of Meetings at LaCrosse for Week.

Rev. S. B Rogers of the First Baptist Church left Monday for LaCrosse, where on Monday night he began a special service of one week at the Baptist church.

Mr. Rogers is called to LaCrosse by a number of the leading citizens of that section, who feel that the spirit is needed in LaCrosse and vicinity, and hope to accomplish a great deal in the upbuilding of the church and for Christian advancement in that community.

Mr. Rogers expects to be absent until Saturday, and the prayers and best wishes of his congregation of this church are with him in his work.

THE NEWS FROM MELROSE.

A Delightful Social Occasion—Other Notes of Interest.

Melrose, December 17.—The oyster supper given at the Huffman House on Friday night was a most enjoyable affair. When the dining-room was opened promptly at the time appointed, the two long tables, very prettily decorated with holly branches, were soon filled with a hungry crowd who did full justice to the fine supper, served in the well known Huffman House style. The hotel office was for the time being transformed into a candy booth, also decorated in true Christmas style, at which a rushing trade was done, with the result that the large and varied supply of candy was soon sold out. An appropriate finish to this pleasant occasion was the dancing during the latter part of the evening. Orange Heights, ever ready to help a good cause, was represented by quite a delegation. The financial result was most gratifying, $45 being added to the fund for the school piano.

The Ladies' Hall is being much improved by a new coat of paint. The first meeting of the season will be held on December 28th.

Quite a number of the members of the M. E. Church have gone to Palatka to attend the conference meetings.

New arrivals during the week are Mr. and Mrs. J. W. Johnson, three children and maid, Binghamton, N. Y.; Mrs. H. B. Brown and daughter, East Hampton, Conn.; Mrs. S. Goodnough, Orange, Mass.; O. Colline, Springfield, N. J.; S. Hastings, Onset Beach, Mass.

At the Huffman House are newly registered Dr. and Mrs. J. Paxton, Paterson, N. J., also Mrs Chas. N. Rodgers and daughter, Live Oak.

On Wednesday Mr. and Mrs. Hamlyn took a party of friends on their motor launch to the pumpkin patch, where tea was served. This, added to the delightful sail, made a most enjoyable afternoon.

H. Lee of Atlanta, Ga., is spending the holidays with his parents.

Municipal Newspaper.

Dresden is one of the few cities possessing a municipal newspaper, and this was bequeathed to the city by the late Dr. Gust. The bequest is a very valuable property and consists of a daily newspaper, which in consequence of its extensive circulation is the principal advertising medium in the neighborhood. The profits are applied to the beautifying and improvement of the city and to charity.

ROCHELLE TO HAVE PLAY.

Prof. Owens and Pupils of Martha Perry Will Entertain Cleverly.

Editor Sun: Will you please give space in your paper for the notice of our play to be given on Friday night, Dec. 21, the proceeds to go to the piano fund?

After the play is over we will have refreshments and appropriate amusement for the young folks. Everyone is invited to come and have a jolly good time.

The name of the play to be presented is "Those Dreadful Twins," a comedy sparkling with wit and humor from beginning to end. The comedy is in three acts, and the following is the caste:

Josiah Brown, a deacon of our church—J. H. Owens.

Deacon Whitbeck, of the same church—O. O. Thigpin.

Sheriff O'Brien, one of the boys—Bob Zetrouer.

Lynx, The Detective, always on deck—Raymon Dicks.

Johnny Brown, one of the twins—Andrew Zetrouer.

Rastus, out of a job—Henry Feaster.

Mrs. Josephine Brown, looking out for No. 1—Miss Willie Jones.

Josephine Brown Clifford, Josiah's daughter—Miss Velma Jennings.

Becky Green, an energetic member of our church—Miss Lina Jones.

Fanny Brown, another of the twins—Miss Pattie Zetrouer.

Rochelle, Dec. 17.

MUSKRAT BUILDERS.

The House In the Meadow and How It Is Constructed.

I have always been told that muskrat houses mean a severe winter. Instead of a sign of cold weather, the muskrat house means simply that one or more muskrats have chosen to live in the low meadow or at the shallow head of the pond, where there is no chance to burrow underground and have a bedroom that cannot be flooded by the high tides of winter.

These same muskrats, along the steep banks of a river, would tunnel into the earth and there dig a bedroom out of reach of the highest flood. They do not always succeed, however, as they are often washed out of their winter beds by spring freshets.

The house in the meadow is usually built over a tall, stout tussock, whose grassy top forms the bed. This is domed over, making a large room big enough for one or for half a dozen, according to the number of muskrats sharing the work. At least two openings or dives lead from the bed into open water at the foot of the tussock. And this water never freezes. When ice forms outside, the warmth of the muskrats' bodies is sufficient to keep the doors free, through which the dwellers shoot at instant alarm, for these passages lead into winding burrows and waterways that run far out through the rich, rooty meadow.—Country Life In America.

Parliament.

The name "parliament" is derived from the French word "parler," to speak. The word was originally written "parlement," as in French, and, although the spelling has gradually changed, the pronunciation remains the same. The earliest mention of the word "parliament" in the English statutes is in the preamble to the statute of Westminster in 1272. For the origin of the institution itself we must go back to Anglo-Saxon times, when it flourished as the witenagemot. In the reign of Henry III. parliament was formally separated into the two houses of lords and commons, and the deliberations were conducted in separate chambers.

Hindoo Moon Lore.

According to the Hindoos, a lunar eclipse is the contact between the moon and another planet called Rahoo, but the masses believe that, owing to the will of God, Rahoo, or the serpent-like planet, catches hold of the moon by its hideous mouth and releases it after a short time. At first contact the Hindoos bathe in the sea and anxiously await the release. After the contact they take another bath. During the interval they are not allowed even to drink a cup of water, as their belief is that all things in the world get polluted during the contact.—Singapore Times.

Cure for Meningitis.

When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. If he says, "The best thing for colds," then take it. Do as he says, anyway. We have no secrets! We publish the formulas of our preparations. J. C. Ayer Co., Lowell, Mass.

SYNDICATE BACK OF SCHEME.

To Control All Electric Express Lines in the South.

New York, Dec. 17.—It is stated on Wall street that articles of incorporation had previously been filed at Atlanta, Ga., incorporating an electric express company for the purpose of operating an express company for business throughout the United States. Reports from Atlanta gave Macon as the principal office in that state, as the law requires a nominal capital of $10,000.

Wall street trolley and electric railway circles say this is the entering wedge in southern territory for Ryan and Belmont interests to capture the entire express business all over the south, which is expected to develop immensely, keeping pace with the probable future rapid building of electric interurban railway lines there.

It was in September, 1904, that Belmont, through the incorporation of the Interstate Express company, at Columbus, O., to do business over electric lines in the states of the middle west, and soon after he, with Thomas Fortune Ryan, incorporated in this state a company known as the Empire Express company, to operate an express, newspaper and parcel, as well as perishable products, "including milk,' over electric lines in this city and state, New England, Pennsylvania, Relaware and New Jersey.

That there is a huge financial syndicate back of this scheme, which ultimately has for its object the sharp competition with existing companies, till finally they can be driven into a mammouth merger through a holding company, with millions of water securities, is generally understood in Wall street, and the Georgia company is the first move in capturing the south.

"After Tom Platt dies, you will see a big watermelon cutting," a Wall street electric expert said.

In Praise of Chamberlain's Cough Remedy.

There is no other medicine manufactured that has received so much praise and so many expressions of gratitude as Chamberlain's Cough Remedy. It is effective, and prompt relief follows its use. Grateful parents everywhere do not hesitate to testify to its merits for the benefit of others. It is a certain cure for croupe and will prevent the attack if given at the first appearance of the disease. It is especially adapted to children, as it is pleasant to take and contains nothing injurious Mrs. E. A. Humphreys, a well known resident and clerk in the store of Mr E Lock, of Alice, Cape Colony, South Africa, says: "I have used Chamberlain's Cough Remedy to ward off croupe and colds in my family. I found it to be very satisfactory and it gives me pleasure to recommend it." For sale by all druggists.

Pleads Guilty to Burglary.

Atlanta, Dec. 17.—Sidney Hixon, a negro, pleaded guilty before Judge Roan in the superior court to the offense of burglary. He was sentenced to seven years in the penitentiary.

Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Phila.; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

Ballot for Directors.

New York, Dec. 17.—The baloting for directors of the New York Life and Mutual Life Insurance companies will be concluded next Tuesday, when thousands of policy holders will deposit their ballots in person at the offices of the two companies here. State Superintendent of Insurance Kelsey is in town, conferring with representatives of the various tickets in the field for the election for Tuesday. He said Thursday he was having trouble in getting the kind of men both sides want to serve as inspectors. But he says he hopes to make progress Friday. Ballots are coming in meantime by thousands through the mails.

A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1 at all drug stores.

Fall of Dirt Kills a Boy.

Montgomery, Ala., Dec. 17.—C. Ball Stratford, the 13-year-old grandson of Mrs. C. P. Ball, met death in a tragic way, being caught under a fall of dirt, in a cave, which he and others had built for play in the yard. An iron fence had been set up over the mouth of the cave, and it fell over, knocking down the dirt and covering four boys. Young Stratford was dead when rescued. Ransom Spann was seriously hurt, but will recover. Two others were slightly hurt.

No Opium in Chamberlain's Cough Remedy.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug. It has an established reputation of more than thirty years as the most successful medicine in use for colds, croupe and whooping cough. It always cures and is pleasant to take. Children like it. Sold by all druggists.

Loggers Driven From Woods.

Vancouver, Dec. 17.—An almost unprecedented heavy fall of snow all along the northern coast is driving loggers out of the woods, and logging camps are being closed at various places. The result of the cessation of operations in the woods will be further shortage of logs with a consequent advance over the already high prices now being charged.

Cure For Sore Nipples.

As soon as the child is done nursing apply Chamberlain's Salve. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this with the best results. Price 25 cents per box. For sale by all druggists.

Bowden Begins Sentence.

Dublin, Ga., Dec. 17.—C. W. Bowden, who was convicted last January of the murder of Julius Green, at Mulls, in this county, was carried to Albany to serve a life sentence in the penitentiary. Bowden was a carpenter and he killed Green after a row in which his wifes character was in some way involved. He and Green came to this county from Jasper county, and up to the time of the difficulty Bowden was held in high esteem by all who knew him.

Hardy Will Not Discuss Affair.

Columbus, Ga., Dec. 17.—Charles Hardy, charged with the murder of his father-in-law, Charles H. Brooks, at Chipley, last week, was brought to Columbus by an officer from Harris county, and placed in Muscogee jail. He refuses to discuss the affair for publication. His friends deny that he left Chipley to avoid arrest, stating that he left town before he knew of the verdict of the coroner's jury.

The fools who butt in where angels fear to tread, are not called fools if they get away with the goods.

A stage luminary urges that rich men support the stage more. That's the charge against a lot of them now.

Queer how a people giving so little evidence of being seriously religious can fight so seriously for religion. The war in France never ceases.

Secretary of the Treasury Shaw says he notices a scarcity of small bills. Same here. Plenty of large bills, of course, but can't get change. Very provoking.

Representative Randell of Texas has introduced a bill prohibiting Representatives or Senators from serving or receiving pay from public service corporations. Doubtless we shall have a word from Senator Bailey on the subject of this bill if it ever reaches the upper house.

He who differs with the President takes long chances with his reputation for veracity. Who will believe that so-and-so is so when President Theodore says it isn't so? It will be remembered that long ago in our history our Presidents gained the reputation of not being able to tell a lie.

Don't scoff at the souvenir post card craze. It has been given the endorsement and hearty approval of Postmaster-General Cortelyou, and as a matter of fact it furnishes the government with a most profitable form of mail matter. In order to keep the profitable fad from dying out, the postal service has issued an order providing that all such cards may bear written messages on the front, the right half of the address, and with sufficient postage they will bill be transmitted under the post card.

There are twenty-four farmers in the present Congress, out of a total membership of 476. The two farmers in the Senate are both from South Carolina. There are two farmers in the House from South Carolina. New York has two farmers in the House—Mr. Cocks of Suffolk, and Mr. Wadsworth of Geneseo. The rest of the farmer members are scattered around the country, no two being from any one State. Will somebody please explain why it is that the farmers of the United States, with the votes to elect members of Congress in proportion to their numbers—that is nearly one-half—permit lawyers, manufacturers and bankers to so rule the roost, as is indicated by the above figures?

Everywhere people are burning leaves. In doing this they are making a mistake. Professor Charles E. Bessey, in The Nebraska State Journal, says: "Don't burn your leaves. If you have a lot on which you grow flowers of any kind. Leaves contain a great deal of most valuable food matter for growing plants. Put the leaves in a close pile in some corner of your lot, put a few boards or sticks on the pile to keep the leaves from blowing away. By spring most of the leaves will be well rotted, and you will have a lot of the best "leaf mould" you ever saw for your potted plants. Leaves are too valuable to be burned. You might as well burn up a manure pile has to burn your leaves."

THAT GRAND PRIZE.

The Sun has no desire to enter into controversy with The Bartow Courier-Informant over the division of the grand championship prize at the recent State Fair. We simply stated the plain facts in the case—that no one connected with the Fair from Alachua county was satisfied with the decision of the judges, etc., and we reiterate the assertion. Furthermore, The Sun is informed that the decision of the judges was as great a surprise to the Fair commmissioner from Polk as it was to Commissioner Callison and others from this county; that before the decision Commissioner Ruhl stated that Alachua county had undoubtdely won the grand championship prize, but that he hoped to obtain the sectional prize as the best represented county in the South Florida group. If he disputes this, it is a matter of veracity between him, Commissioner Callison and others of our informants.

The Sun has no ill feeling toward any citizen of Polk county in the matter, and attaches no blame to any of them for the decision of the judges dividing with her what Alachua county was fairly entitled to. The editor of this paper demonstrated his friendship for Bartow and the present editor of The Courier-Informant at a time when he was warned that his action would, in the end, prove detrimental to the interests of Gainesville and Alachua county, and the action of the last Legislature demonstrated that those who fore-warned us could see into the future.

The Sun, in common with the people of Alachua county and other sections, regards the decision of the judges as unfair, and as an effort to "satisfy" all sections of the State, rather than upon the merit of the various exhibits.

TWO ELECTION MUDDLES.

The City Council has called an election to be held on the 15th of January, 1907, to decide whether bonds shall be issued to the amount of ten thousand dollars for the purchase of the lot on which is located the barracks of the old East Florida Seminary, and the county commissioners have called an election to be held on the same day to decide whether Election District No. 7, comprising the city of Gainesville and some outlying territory, shall be crested a sub-road tax district.

Evidently the two bodies calling these elections overlooked the sixth clause of Section 170 of the General Statutes, relating to the qualification of electors, which reads:

"No person shall be permitted to vote at an election who shall have failed to pay at least on or before the second Saturday in the month preceding the day of such election, his poll taxes for the two years next preceding the year in which such election shall be held."

The poll tax for 1906 has been due and payable for several weeks, therefore, under the law, only those who paid their poll taxes for 1905 and 1906 on or before the second Saturday of December, 1906, can vote in an election held on the 15th of January, 1907. This is too plain to admit of dispute, and under the law not exceeding ten persons can vote on the sub road tax district question, as only ten persons had paid the poll tax for 1906 up to and including the second Saturday of the month preceding the month in which the election is to be held. Thus it will be seen that six men in one instance and four in another may decide the questions at issue, as a majority rules. It is therefore up to the county commissioners and City Council to call these elections off.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A CHEERFUL GIVER.

"The Lord loveth a cheerful giver," and "it is mor blessed to give than to receive," are faithful sayings and worthy of all acceptation. Give where your gift is needed, where it brings joy and gladness, and your own heart will swell with real pleasure. To lavish gifts upon the rich, the strong, the powerful, in the hope that you may receive in return, is mean, groveling and pitiful. Don't belittle yourself that way. Give freely only where love prompts, or better yet, go out among God's poor, hunt out those less favored or less fortunate and do acts that will brighten human lives, and the brightness will come back into your own heart by reflection.

The great and noble characters of the world, the men in all ages who have been admired and loved, have been the generous men. The shunned and hated and despised creatures of the human race have always been the misers, the stingy, grasping, hoarding, pinching wretches who valued money above human souls, and hugged their wealth in the face of misery. The world shouts and laughs when such men die, but it follows the generous man to the grave with tears and real sorrow.

Man has been attending horse races for thousands of years and will probably continue to do so centuries after the automobile shall have been succeeded by some other wonderful invention. The horseless age will never appear if its coming is dependent on the automobile or any other inanimate invention supplanting the horse in the affections of the people. The beauty of his limbs, his arched neck and quivering nostrils, his haughty movements, all appeal to the eye today even as they did thousands of years ago. Men with sufficient funds to gratify their pleasures will continue to pay fabulous prices for horses until the end of time.

Foul Play Suspected.

Columbia, S. C., Dec. 15.—L. F. Evans, a printer employed in the job department of the State Publishing establishment, has been missing from work since Monday. Thursday the clothes of a man were found on the bank of the Columbia canal, several miles from the city, and it is thought that the clothing is that worn by Mr. Evans. Evans has been married only a few months, his wife being Miss Pennington. She is greatly distressed over his disapearance. Mr. Evans borrowed money from the other printers and told some of them of his intention to take his life. He was a good workman, but had acted quite queerly of late.

Child Labor Convention.

Cincinnati, Dec. 15.—Delegates from the various state committees to the annual convention of the National Child Labor committee, held a conference during the morning Friday. Dr. Samuel McCune Lindsay, secretary of the national committee, presided. Reports were presented from the different state committees following which there was a genral discussion of legal standards and methods of enforcement of Child Labor Laws. Much interestwas manifested in the discussion. The child as an economic factor, was announced as the general topic for the afternoon session.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Attempts Life of Admiral.

St. Petersburg, Dec. 17.—Another attempt on the life of Admiral Dubassoff, ex-governor general of Moscow, was made Saturday afternoon, but he escaped with slight injuries. Dubassoff was driving at 1 5'clock p. m. in Sergyewskaya street, on his way to the Taurida palace, when two men hurled a bomb at his carriage. It exploded with great force but only slightly wounded the admiral. The would-be assassins were arrested.

Children's

Favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucus and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. For sale by W. M. Johnson.

Opposed to Woman's Suffrage.

Chicago, Dec. 17.—A special from London to a morning paper says that Marie Correli, though her profound contempt for man in every aspect remains undiminished, does not believe in woman's suffrage. She claims she can now direct fifty men's votes at election in any way she chooses, but she says her power would be destroyed if she had a vote of her own.

Fishing Smack Sinks.

Mobile, Ala., Dec. 15.—The Dutch steamer DeltaLewer, bound here from West Hartlepoolm, England, ran into and sank the big fishing smack Edgar Randell, outbound to the Mexican fishing banks today. The latter was sunk in 20 feet of water. Loss $5,000.

Long Tennessee Fight.

For twenty years W. L. Rawls of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at all druggists'.

James Bryce's Appointment.

London, Dec. 17.—Parliamentary circles here show much interest in the prospect of James Bryce's appointment to the ambassadorship at Washington, and some of the Irish members asked the chief secretary for Ireland if they might congratulate him. Mr. Bryce did not deny the report, but merely replied: "You must not believe everything you hear."

To Serve Life Sentence.

El Paso, Tex., Dec. 17.—Max Miller, a saloon keeper, who in a fit of jealousy, shot and killed J. F. Turley, a railroad man, formerly of Memphis, Tenn., while the vctim, who was unarmed, begged for his life, was found guilty of murder in the first degree by a jury here and was sentenced to the penitentiary for life.

Great Snow Storm in West.

St. Paul, Minn., Dec. 17.—The worst snow storm in years is reported on the railroad companies which has western extensions. Trains in west-ern North Dakota on every line are stuck, bound, and in some cases are off the track of. It is even reported that some of the Great Northern trains are completely snowed in, and cannot be located. The snow in many places is piled 20 feet high, and traffic is at a standstill. The only coast lines that have arrived over the Northern Pacific, Great Northern and St. Paul lines in the last 24 hours have been from 24 to 48 hours late and there are many trains which have not arrived. Advices were received at the St. Paul offices to the effect that some branches have not run mails for days.

Close of the Peonage Cases.

Pensacola, Fla., Dec. 17.—In the United States court Judge Charles Swayne passed sentence upon Manager W. S. Harlan, and five em-ployees of the Jackson Lumber com-pany, of Lockhart, Ala., convicted after a trial of nearly a month, of conspiracy to commit peonage. Man-ager Harlan was sentenced to serve eighteen months in the penitentiary, and in addition pay a fine of $5,000; Superintendent Robert Gallagher to serve fifteen months and pay a fine of $1,000, and Dr. W. E. Grace, Os-car Sanders, S. E. Hugins and C. E. Hilton, to serve thirteen months in the penitentiary, and pay fines of $1,000 each.

A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of consump-tion. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bot-tles, I have more than doubled in weight and am completely cured." Only sure cough and cold cure. Guar-anteed by all druggists. 50c and $1. Trial bottle free.

Child is a Confirmed Smoker.

New York, Dec. 17.—A dispatch from Lowell, Mass., says officers of the Humane Society found a three-year-old child who is a confirmed smoker and has used daily a corn cob pipe since he was 18 months old. The child is Andre, son of Albert Beaulieu. When the officers took his pipe away he screamed with anger. Mrs. Beaulieu, who is 18 years old, says she did not know tobacco would hurt the child. She promised to try to cure Andre of the tobacco hab-it and it was decided to allow him to remain at home. Mrs. Beaulieu says Andre smokes nearly two packages of tobacco each week.

TORTURED BY ITCHING ECZEMA

Suffered Tremendous Itching Over Whole Body—Scratched Until Bled—Worse at Night, With Soreness and Excruciating Pains—A Western Lady's

WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the torments of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Oint-ment and Cuticura Resolvent. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Rem-edies to any one who suffers as did your obedient servant. Mrs. Mary Metzger, Sweetwater, Okla., June 28, 1905."

TORTURING, DISFIGURING

Humors, Eczemas, and Itchings Cured by Cuticura

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalled head—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Sold throughout the world. Cuticura Soap, 25c., Oint-ment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60), may be had of all druggists. A single set often cures. Potter Drug and Chem. Corp., Sole Props., Boston, Mass.

Mailed Free, "How to Cure Baby Humors."

Sharon Visited by Large Blaze.

Sharon, Ga., Dec. 17.—One of the most disastrous fires that ever vis-ited this town occurred Friday morn-ing. The loss amounts to about $50,000, with $10,000 insurance. Twelve business houses, with stocks were consumed. It is not known how the fire originated. Flames were seen at 5 o'clock a. m. issuing from Dr. Brown's drug store, and they quickly spread to adjoining build-ings.

King of All Cough Medicines.

Mr. E. G. Case, a mail carrier of Canton Center, Conn., who has been in the U. S. service for about sixteen years, says: "We have tried many cough medicines for croup, but Cham-berlain's Cough Remedy is king of all and one to be relied upon every time. We also find it the best remedy for coughs and colds, giving certain re-sults and leaving no bad after effects." For sale by all druggists.

Fatally Injured in Explosion.

Freemont, O., Dec. 17.—A Stand-ard Oil tank filled with crude petro-leum in the Lake Shore yards ex-ploded, shaking the town like an earthquake, breaking many windows and doing other damage. Will Battig, who was pumping oil from the tank, was hurled 200 feet. His clothes were burned from his body and he was fatally injured. It is reported he dropped a lighted match into the tank.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver, and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollom & Co.

Trades Disputes Bill.

London, Dec. 17.—The house of lords passed the third readings of the merchant shipping and trades disputes bills and sent them back to the house of commons for consid-eration of the upper house's amend-ment.

New Cure for Epilepsy.

J. B. Waterman of Watertown, O., Rural Free Delivery, writes: "My daughter, afflicted for years with epi-lepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleans-ers and life giving tonic on earth. 25c. at all drug stores.

ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.
